NO ARGUMENT ABOUT NEED

Resolves Itself Into Question Whe-
ther Those Who Have Not
Given Can Afford To

Rush county's efforts to help the
stricken people of Newcastle, speak-
ing in terms of dollars and cents,
footed up exactly \$1,226.25 today.
Subscriptions since those reported
yesterday amounted to \$347.25.

At the present pace, the Rush
county fund should not miss the goal
set for it by very many dollars. The
rapidity with which people from ev-
ery walk of life are responding to
the call for help encouraged those
who are boosting the fund. The re-
sponse from the farming community
has not yet been very great, but it
is anticipated that many yet will
send in good sized sums.

The report of two hundred dollars
being raised at Carthage and the
possibility of the sum being in-
creased helped substantially to swell
the Rush county fund today. A
member of the committee informed
the Daily Republican that much
more would likely be given. Al-
though it was not stated, it was
presumed that Carthage would send
its donation directly to Newcastle
without first placing it in the fund
here. However, since it is a Rush
county effort, if was considered fair
to count the Carthage contributions.
Mayor Bebout yesterday dispatch-
ed \$455.00 to Newcastle and today
he sent \$146.25, making \$601.25 thus
far sent. Whatever cash there is
on hands each morning is sent in
the form of a draft to John W.
Rodgers, treasurer of the finance
committee. A large sum can be mail-
ed tomorrow morning because many
subscriptions made earlier were paid
this afternoon.

There seems to be no argument
about the need in the devastated
district of Newcastle. It has been
apparent to every local person who
has visited the scene. It has re-
solved itself into the question of
whether those who have not given
feel like they can add their mite,

I. & C. Car Barn Men Donate for Newcastle

The employees at the I. & C.
car barn yesterday afternoon
raised \$12.75 for the victims of the
Newcastle cyclone and they
feel that if every other shop
and business does as well as
they did, Newcastle will be well
cared for. The individual sub-
scriptions are as follows:

Rush county is responding nobly
to the call for relief from the neigh-
boring city of Henry. The fund
passed the thousand-dollar mark to-
day, but there are still many to give
who have not given. Their checks
are anxiously awaited.

the money all right, because he saw
the wreckage.

WANTS PARTITION OF LAND

Lloyd Wagoner, Guardian, Files
Case Against E. G. Thompson

Lloyd Wagoner, guardian of Ollie
F. Thompson, has filed suit against
Eddie G. Thompson for partition and
an accounting. It is set out that the
plaintiff and defendant are the own-
ers of about 50 acres of land joint-
ly and that Thompson has been
farming the entire place. It is al-
leged that he owes the plaintiff for
last year's rent and has failed to
renew the rental contract. It is
pointed out that the land is not sus-
ceptible to division and a partition
is asked.

The U. R. K. of P. will meet to-
night to prepare for a trip to Con-
nersville, where they will give degree
work.

Carthage Is Raising Fund for Newcastle Will Pass \$200 Mark

A voluntary committee com-
posed of Miss Winona Newsom,
Mrs. Floyd Lineback, H. R.
Hole, M. F. Lovett and Howard
E. Henley received donations at
Carthage Tuesday for the
Newcastle sufferers and yester-
day the fund reached \$200.00
in cash. The committee will
continue to accept donations
until all have had an opportu-
nity. Many telephones are in
trouble and it is expected that
many more will be anxious to
give to this worthy cause, a
member of the committee said
today.

GERMAN PEOPLE ARE LONGING FOR PEACE

This is Message That Ambassador
Gerard's Report to the Gov-
ernment Brings Back

PIN FAITH IN THE SUBMARINE

(By United Press.)

Washington, March 15.—Longing
for peace is the great emotion of
the German people today.

They are enduring hunger and pri-
vations of all kinds confident that
ruthless warfare will end the strug-
gle. These are the outstanding
features of Ambassador Gerard's
report of the government on the
German situation. There is another
feature he conveyed: In spite of
food shortage and financial condi-
tions Germany will be able unless
there are no crop failures, to strug-
gle through another year by apply-
ing drastic measures.

HEARS AN ARGUMENT ON DEMURRER TODAY

Judge Announces no Decision on
Claim of William Smith Against
Fry Estate

GREEN CASE GOES TO SHELBY

Judge Sparks heard an argument
on a demurrer this morning in the
claim of William Smith against the
estate of the late Isabel Fry. Smith
demands the sum of \$4,200. No de-
cision was announced.

The damage suit of Dr. Frank H.
Green and Derby Green against the
C. I. & W. railway demanding \$400
for the loss of two horses, was sent
to the Shelby circuit court today
and five days given in which to per-
fect the change. The case was
started here and a change of venue
asked after the jury had been se-
lected.

Lester L. Rogers was given a
judgment for \$162.50 against Fanny
B. Wilson and a foreclosure of a
mechanics lien. The defendant per-
mitted judgment to be taken by de-
fault.

RECEIVER FOR ROAD FIRM

One is Asked by W. J. Holliday &
Co. for Colter and Son

W. J. Holliday and Company has
filed suit against Samuel H. Colter
and Willard Colter, demanding \$300
on an account and asking that a re-
ceiver be appointed. Colter and
Son are engaged in building roads.
It is alleged in the complaint that
they are transferring their property
with the intentions of cheating and
defrauding their creditors and for
this reason a receiver is asked.

PLAY PRESENTED

The play given by the members
of the Always Present class last
evening was very well acted. As the
name suggests the plot was an in-
teresting one, "When Cupid Dicta-
tes." Between acts solos were sung
by Miss Hazel Smalley and Miss
Charlotte Norris, the latter being
accompanied by a chorus in Chinese
costume. Characters in the play
were the Misses Hermoine Hughes,
Gertrude Wilkerson, Hazel Stoops,
Margaret Gallimore, Sylvia Wolters,
Rita Gilson, Leota Mull, Nina
Robertson and Esther Foster. The
play was given in the Graham An-
nex.

PATRIARCHAL DEGREE

THINKS RESULT LIES WITH UNITED STATES

France Thinks if This Country Joins
Allies, it Will Mean Quick De-
cision in War

MORE IMPORTANT THAN FIGHT

(By United Press.)

Paris, March 15.—France believes
a speedy decision in the war rests
with Washington.

If the United States joins the al-
lies it means a quick decision for
the entente.

The ultimate result of victory
will be hastened. The French gov-
ernment regards American's en-
trance into war of vastly more im-
portance than any battle that has
been fought. This is the view taken
by the French government.

RUSHVILLE MEN PLEAD NOT GUILTY

Cliff Rigor and His Brother, Oliver
Rigor, are Arraigned in Con-
nersville for Arson

ACCUSED OF BURNING A BARN

Cliff Rigor and his brother Oliver
Rigor of this city and I. N. Berman
of Connersville were arraigned last
night before Mayor Braun in the
Connersville police court on the
charges of arson as filed by Oliver
Seaton, who worked up the case
against them.

All of the men entered pleas of
not guilty and the trials were set
for next Tuesday. The men are
specifically charged with burning a
small building on the night of Sep-
tember 12, last.

Cliff Rigor was arrested here
Tuesday night and his brother was
found here yesterday afternoon.

REVOLUTION IN RUSSIA A SUCCESS

Executive Committee of Duma Im-
prisons All Ministers and Con-
trols the Government

CABINET OUT OF EXISTENCE

(By United Press.)

Berlin (via Sayville by wireless)
March 15.—An executive committee
of the Russian Duma has accom-
plished a successful revolution in
Russia, imprisoning all the minis-
ters and now controlling the gov-
ernment, according to an official
statement from Petrograd, issued
by the official press bureau today.

The Duma declared that the min-
isters and cabinet do no longer ex-
ist. The statement said:

"On the third day of the revolu-
tion the capital is in complete hands
of the executive committee of the
Duma and of the 30,000 troops in
Petrograd who supported the re-
volution."

LECTURE TO BE ILLUSTRATED

Teh Rev. W. M. Whitsitt Will Dis-
cuss Home Missions

The Rev. W. M. Whitsitt will de-
liver a stereopticon lecture tonight
at St. Paul's M. E. church on the
subject "Home Missions and Public
Welfare." There will be special mu-
sic and the program will start at
7:30 o'clock. The address will be
illustrated by sixty slides showing
the importance of the church and
its relation to the nation's welfare.
The public is invited.

ing in this city on business.

CONFER TODAY TO PREVENT STRIKE

Railroad Managers Ready to Offer
Compromise but Trainmen Will
Fight to Last Ditch

EMPOWERED TO CALL STRIKE

Brotherhood Representatives Are
Backed by Resolution—Walk-
out Set For Saturday

(By United Press.)

New York, N. Y., March 15.—With
the brotherhood representatives
ready to fight to the last ditch and
the managers ready to offer a com-
promise, the opposing factions in the
threatened rail strike went into con-
ference here today. The brother-
hoods, it was declared were, pre-
pared to force the issue and call the
strike for six a. m. Saturday.

Realizing the combined strength
of the brotherhoods, the representa-
tives of the employees managers pre-
sented a resolution passed at a
recent meeting giving the brother-
hood chiefs the right to call a strike
if the supreme court found the
Adamson law a violation of the con-
stitution.

A compromise on a basis of a
raise in wages, it is said, must in-
clude reference to the eight hour
day. It is not thought probable that
the brotherhoods would accept any
compromise.

NO STRIKE IS THE OFFICIAL OPINION

Growing Belief in Washington is Rail
Heads and Trainmen Will Try
to Prevent One

INTERVENTION IS HINTED

(By United Press.)

Washington, March 15.—There is
a growing belief in official circles
that the railway heads and the em-
ployees will leave no stone unturned
to prevent a strike. Few here be-
lieve that the men will walk out
and the president does not believe
the men will walk out in the face of
a grave international crisis.

The first indication of possible
federal intervention came when
Judge Chambers of the United
States board of mediation and con-
ciliation called at the white house.
The president said he told Cham-
bers he could do nothing at this time.

WESTERN ROADS NOT TO HIRE EXTRA MEN

In Case of Strike, They Will Not
Employ Strike-Breakers or
Resist Government Operation

MANY OPPOSE STRIKE ORDER

(By United Press.)

Chicago, Ill., March 15.—Western
railroads will put any strike up to
the public and President Wilson ac-
cording to the executives. They will
operate what trains they can with
men refusing to go out but will
hire no strike breakers. They will
not resist any action of the gov-
ernment to take over and operate
the lines.

If eastern lines are tied up, rail-
road officials say the western lines
will automatically discontinue
freight shipments as they will have
no outlets.

There is a wide variance of op-
inion regarding the strike order.
Many of the men are against the
order and railroad officials believe
many will refuse to strike.

Mrs. Fred Bell and Mrs. Pete
Hollowell of Raleigh were shoppers
here today.

MEN MENTIONED AS GOOD CANDIDATES

Several are Suggested as Suitable
to Represent Rush County in
Constitutional Convention

E. B. THOMAS IS AMONG THEM

Many Urge Him to Become a Can-
didate, Holding That he is Best
Fitted For The Position

The next election in Rush county,
unless the courts hold the law un-
constitutional, will be on Septem-
ber 18 when a delegate to the con-
stitutional convention will be elect-
ed. Several prospective candidates
have been mentioned, and already
the voters are figuring on who to
send to the convention. The election
will be non-political and the bal-
lots will not have the party emblem.

As the convention is important
the non-partisan feature was fol-
lowed in order that the voters could
select the best available men. Among
those prominently mentioned as can-
didates for delegate, the name of
Ernest B. Thomas, secretary of the
Peoples Loan and Trust company,
has received the most favorable
comment.

Many people have urged Mr.
Thomas to be a candidate, setting
out that he is exceedingly well
qualified for the place, having know-
ledge of tax matters and financial
problems and is a practical business
man. Mr. Thomas has not yet con-
sented to be a candidate but is as-
sured a large following regardless
of politics, his friends declare.

The work of making the new con-
stitution is considered the most im-
portant undertaken in the state in
years and the problems will be big
ones to be dealt with in a practical
way, it is pointed out. While the
convention is several months dis-
tant the voters are already figuring
on candidates. The women will
participate in this election and un-
der the law it would be legal to elect
one as delegate. So far no women
candidates have been mentioned and
it is not believed likely that they
will. The successful candidate will
have to get a large percent of the
women vote and for this reason the
women promise to study the quali-
fications of the candidates.

The name of William R. Jinnett
of Manilla, Rush county's represen-
tative to the legislature, has also
been mentioned as a candidate for
delegate to the convention. There
is still some doubt as to whether it
is lawful for a representative or any
man taking part in the passing of
the law calling the convention being
eligible to serve in the convention.

NEWS

Did you ever stop to consider
that the letters in the word
NEWS stand for the initials of
the four points of the compass.

What the news does is literally
to put you in touch with the four
quarters of the whole world ev-
ery day in the year and almost
every hour of the day.

The advertising has come to
be an essential part of the news.
It covers the entire compass of
the business world.

It tells of the currents of trade.
It tells where things are made,
what they are for and what they
cost.

It deals with facts—facts that
concern the well being of the peo-
ple.

Take it from the standpoint
of actual helpfulness—and there
is, on the whole, little news in
the newspaper that is as import-
ant as the advertising.

The Daily Republican deliv-
ers this news into 2165 Rush
county homes—into 1026 Rush-
ville homes.

Amusements

The Lyric offers the drama "Quicksands of Deceit" for the first picture tonight. Vivian Rich and Alfred Vosburch. It is said to be a fine drama. The second is a picture of real life entitled "How Auto Thieves Work." The last is a comedy "Two Slips and a Miss." Tomorrow the five act feature "The Bruiser" will be shown.

The next chapter of "Patria" the great serial in which Mrs. Vernon Castle is appearing will be the first picture at the Princess tonight. There are many big scenes in the picture. The second is a "Pathe Weekly" showing world scenes. The next reel is "Florence Rose Fashion Reel" and the program ends with a comedy "A Beautiful Scenic." Tomorrow Geraldine Farrar will be seen in the feature picture "Temptation."

The Gem will show the next chapter of "A Lass of the Lumberlands" for the first picture tonight. The second is a comedy "Jerry's Celebration." The last is a drama entitled "The Key." The attraction at the Gem tomorrow night will be "A Welsh Singer," a Mutual Star production featuring Florence Turner and Henry Edwards. With romantic Wales, London, and historic Rome furnishing the settings Miss Turner in the role of "Mifanny" the little Welsh shepherdess will undoubtedly create even greater interest in seekers among the best in screen productions than did "Far From the Maddening Crowd" and "Doorsteps," the proceeding Star productions in which she was featured.

MATTHEW KERNER DIES

Matthew Kerner, a former resident of this city and widely known in the northern part of the county, died yesterday at his home near Dumreith. The funeral services will be conducted tomorrow and burial will take place in Lewisville.

WOMEN SHOULD GET THIS HABIT AS WELL AS MEN

Don't eat bite of breakfast until you drink glass of hot water

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—(Adv.)

Matches.

The world is cursed today with the temperamental match.

Formerly the match was a big, husky sliver of wood with a head full of fire and brimstone. It was a hair trigger match. One you could strike anywhere and get results.

But matches today are different. Thin, stunted, puny little things. And so darned particular they have to be scratched on their own brand of sandpaper or they won't light. You just have to coax them all the time. And their heads fly off on the slightest provocation. They're no good.

Drat a match that has to be wheeled into doing its duty anyhow.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off!

"Two joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It'. Put 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore!" Use "Gets-It" and It Will Never Be Sore!

Instead of swelling up like a little white sponge. Then it loosens from your toe—and, glory hallelujah! the corn comes off as though you'd take a glove off your hand!

Yes, "Gets-It" is the corn discovery of the age. More "Gets-It" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It."

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin and Frank E. Wolcott

TATES, TAKE PEPSINCO. YOU
NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulence produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. Farmer's Market After War.

Although American farmers are now getting record prices for their products, due to war conditions, importation of agricultural commodities are so large as to cause concern for the farmer's market if the present tariff law shall be in force when the war comes to an end.

Foodstuffs are pouring into the United States at the rate of over \$50,000,000 a month, according to figures just made public by the department of commerce, the total for January being \$51,000,000, and for the first seven months of the fiscal year 1917, ended January, the total was \$331,000,000, or nearly \$90,000,000 greater than for the similar period ended January 1913, when the products of American soil were protected by an American tariff law. November, 1916, was the banner month for imports of this character, when \$55,000,000 worth entered.

When it is recalled that the average rate of duty on all importations for the seven months period—\$1,348,000,000—was under nine per cent, the larger part of which was collected from manufactured articles, which comprised 35 per cent of

the importation, the loss of revenue because of the enlarging of the free list on food products, comprising 25 per cent of the importation will be appreciated.

It should be borne in mind, also, that the food-producing countries of the world are straining every energy to feed the 18,000,000 non-producers in the European war a task which is accompanied by colossal waste through the operation of submarine warfare, destruction of vast quantities of stores, etc., all of which has to be made up. The dairy products of Holland, Denmark, Italy, Canada, the meat and fish products of Norway, Sweden, Canada, the grains of South America, the rice of the Orient, are all being diverted in large measure to the European belligerents, while the belligerents themselves have declared embargoes on their own food products. And still our foreign competitors in these products are able to chalk up a 37 per cent increase in their sales to us. Does not that suggest the possibilities of competition for the American farmer when peace in Europe is restored? Should we still be handicapped with the present tariff law, these food-producing countries will turn a larger share of their attention to the free-trade market of the greatest per capita food-consuming nation in the world.

A month by month comparison of imports of foodstuffs, crude and manufactured, during the first seven months of the fiscal year 1913, under protection, and the similar period of the fiscal year 1917, under near-free-trade is enlightening to the farmer.

This is an average monthly increase, the two periods compared, of nearly \$13,000,000, with the energies of our competitors divided between the United States and Europe. How long does the American farmer think he can stand this gaff after the war?

Uncle Sam holding all the real money, and Europe all the guns and ammunition, is an arrangement that usually doesn't work well when the police aren't handy.

The first step in the campaign against high prices is for the legislators to mail great quantities of their speeches to their constituents. Owing to rush time in the industries, it is more difficult than formerly for the Unemployed to avoid work.

Prices will surely be reduced by better crops next summer, unless the farmers tries too many of those experiments that the smart metropolitan editors are urging on him.

About now the homesick city people who don't know anyone feel sorry for the lonesome folks in the country who meet several times a week at church and lodge suppers.

Ayres For Congress.

(Brookville American.)

It is rumored in political circles that Arthur B. Ayres, of Hancock county will be urged by his many friends over the district to make the race for congress when the proper time arrives. When asked about this Mr. Ayres was non-committal except to state that in no event would he consider making the race against his personal friend Judge Comstock, the present incumbent.

Mr. Ayres formerly lived at Rushville, but later located at Fortville, where he has made a wonderful success in business. He is a man of good foresight, good judgment and a typical representative of the district's best business men and a champion of the truest and best American citizenship. He has been active in politics for more than twenty years, must of the time as a member of the Republican State committee from the Sixth District. Mr. Ayres would, if he got into the race, put up a good militant fight judging by his past political service.

Instant Bunion Relief

Guaranteed — or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be—or how often or by whom treated and pronounced "incurable"—here at least is convincing proof that there is positive relief for you—right now—today.

"Bunion Comfort"

is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunions. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort—don't cut holes in your shoes and use old fashioned cotton or felt pads, washers and steel contraptions. "Bunion Comfort" is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal size.

Get a Box of "Bunion Comfort" Today try two plasters free and if you do not declare this to be the most marvelous bunion remedy you've ever tried—return the other ten plasters and get your money back.

WHITMAN HANDED BOXING BIG BLOW

Game in New York is Tottering on Its Last Legs as Result of Ban on Darcy

ALLEGED DISCRIMINATION

Money Grabbers are Partly to Blame for Attitude Governor Took of Matter

New York, March 15.—Any idea any one might have had that boxing wasn't on its last legs and tottering unsteadily to its corner for the final round should be thoroughly dissipated by Gov. Whitman's action in New York when he refused to permit Les Darcy to appear in public bouts.

Whether it will seep into other states and knock the game clear out of the ring is something else and remains for time to tell.

Whitman was severely criticised in many quarters when he took his stand against Darcy, while in other spots he was highly commended.

Critics declared he should not have shown discrimination against Darcy, pointing out that Freddie Welsh, Tom Cowler, Ted Lewis and others are allowed to box without interference. They are just as much at fault as is Darcy, for they are Englishmen, whereas Darcy is an Australian, and of Irish descent.

Whitman's action seems to have been taken because Darcy had neglected his duty to come to America and get some easy money. The spectacle of a foreigner coming here and separating New Yorkers from their cash because they were easy marks evidently didn't appeal to the governor. The other English boxers already were in this country when war was declared.

Darcy made a frightful mistake when he refused to talk business with Mike Gibbons and promoters from the Middle West. Then, when he listened to bad advice and separated himself from Tim O'Sullivan he made another bad step. Each of these actions caused adverse comment and the people began to kick.

An Announcement

Mrs. L. J. Weeks has returned from Chicago, where she spent two weeks in the careful study of the CORSET, its construction and its mission. She has brought with her diplomas from both

The Gossard and Kabo Schools

What These Diplomas Mean to the Women of Rush County

First They mean that the women of Rush County may receive, free of charge, authoritative advice from our graduate corsetiere.

Second Our corsetiere is not only specially trained in all branches of corset fitting, but is able to give authentic style information regarding all branches of women's apparel.

Third Being expertly trained our corsetiere is able to discuss with the women of Rush County the new Spring fashions and the vital relation of the new Gossard and Kabo models bear to the successful attainment of the new silhouette.

Fourth She will serve you in the corset department; is competent to make medical fittings and will give most careful attention to any special needs which a physician might prescribe.

Fifth These diplomas mean that the women of Rush County may be assured they can get the correct corsets for their individual type from the standpoint of style, comfort and wearing service.

Let a Graduate Corsetiere Serve You. You Will Notice the Difference at Once

The Mauzy Co.

The dance to have been given at the Social Club on Friday evening has been postponed. It was to have been given by the ladies of the Club.

Typical of the social pleasure prevalent at the meetings of the Happy-Go-Lucky Club for the past twenty years, was the beautiful party given by the members of the club yesterday afternoon at the home of Mrs. John H. Frazee at 803 North Harrison street when the club members entertained 200 of their

friends in celebration of the twentieth anniversary of the club. Spring shades of pale lavender and light green were those evident in the baskets of flowers. Hyacinths and primroses filled the pretty baskets and on the dining table, an immense basket filled with pale lavender hyacinths was placed. Floating from its handle was a huge bow of maline of the predominate shades. Red roses adorned the parlor in which the hostesses received their guests.

In the receiving line were Mrs. Frazee, Miss Leonora Norris, Mrs. Bert Norris, Mrs. Austin Frazee, Mrs. C. A. Mauzy, Miss Emma Blackledge, Mrs. William Alexander, Mrs. L. M. Clark, Mrs. Albert Winship, Mrs. O. E. Humes, Mrs. O. J. Myers, Mrs. George Looney, Mrs. John D. Megee, Mrs. Fannie O. Smith and Mrs. J. M. Amos, the members of the club. Shortly after being seated in four of the spacious rooms of the home, the guests were entertained with a program given by Mrs. Owen Morrell, violinist; Charles McCarty, tenor; Mrs. Leiber, reader, and Mrs. Edenharder, accompanist, all of Indianapolis. Each of them was a finished artist in their own line. Mr. McCarty, by his marvelously musical voice, showed unusual sympathy in the clear sweet tones and great volume. His selections were all favorites, singing among them, "Macushla," "The Amethyst" from the "Jewel Cycle," "Because," "Mother O'Mine" and "Requiem." Mrs. Morrell, formerly Miss Marie Dawson, has always been a favorite here both because of her charm and her exceptional talent. Her violin solos were each artistic and displayed marked ability. Although each of her numbers was beautiful, several of the most popular ones were "Old Vienna Waltz," "Caprice Viennois," and numbers by Beethoven, Dvorak, and Kriesler. Mrs. Leiber's particular charm was in her pleasing, musical voice. Her numbers, all of which were very realistic in portraying Italian life by dialect, were very natural. The numbers were well chosen, several of her readings being "To Americana Mana," "April Winds," "The Baseball Game" and numerous others. Mrs. Edenharder's work as accompanist was particularly good also.

For the service of the refreshments, a group of pretty girls appeared with cute St. Patrick's caps of all shapes and small white aprons decorated in St. Patrick's emblems. In the delicious one course luncheon, St. Patrick's flags were perched in the ice and the mints were shamrock shapes. Those assisting in the service of the luncheon were Mrs. Helm Woodward of Cincinnati, Mrs. George Dehority of Elwood, Mrs. Reeves Woods of Arlington, Mrs. Ben Humes, Mrs. J. V. Young, Mrs. Charles Offutt, Miss Marie Clawson, Mrs. Edward Frazee, Miss Norma Smith and Mrs. Louis Mauzy.

Out-of-town guests at the affair

were Mrs. J. E. Fish of Indianapolis, Mrs. Chester Smith of Monmouth, Ill., Miss Della Vorhis of Lockland, Ohio, Mrs. H. E. Grishaw of Tip-ton, Miss Clara Haydon and Miss Bess Cleveland of Lexington, Ky., Mrs. N. G. Wills of Connersville and Mrs. Pink Davis of Columbus.

In the evening sixty guests were entertained at an elegant dinner. The guests included the members of the families of the Happy-Go-Lucky club, their children and families. An informal program was given by the group of artists in the evening. Mrs. Morrell among her numbers played "Moment Musicale"; Mr. McCarty sang "The Lullaby" by Joslin and one of the numbers which was most popular of the afternoon was repeated by request. In it, "Till Death," Mr. McCarty was accompanied by a violin obligato by Mrs. Morrell. Following their program, Mrs. Woodward of Cincinnati sang a beautiful solo, "Spirit Flower," accompanying herself. Hale Pearson also sang a beautiful tenor solo, "Who Knows."

It was particularly appropriate to have the affair yesterday at the home of Mrs. Frazee, inasmuch as twenty years ago in the same house, the club was organized. The name which was given the club at that time, "Happy-Go-Lucky," has proven to be an ideal one for the club. The purpose of the organization was to join in a social way a group of ladies living in the country with about as many living in the city. The charter members of the club which were among the hostesses yesterday were Mrs. Bert Norris, Mrs. J. H. Frazee, Miss Blackledge, Mrs. Alexander, Mrs. Clark, Mrs. Humes, Mrs. Myers, Mrs. Looney, Mrs. Smith, Mrs. Austin Frazee, Mrs. Grace Spivey, who has recently moved to New Mexico, was also a charter member of the club. A lovely bouquet of red roses were sent to the hostesses yesterday by Mrs. Yakee of Newcastle, a charter member of the club.

The guests of Mrs. Ben Humes at her country home south of the city this afternoon were the members of a Bridge Club, who were invited in to honor the house guests of the hostess, Miss Bess Cleveland and Miss Clara Haydon, the attractive southern visitors from Lexington, Ky., who have been honored with a number of pretty affairs during their stay here. All of the appointments of the informal little affair this afternoon were suggestive of St. Patrick's Day. Three tables were in play and the conclusion of the games was marked by the service of an elegant luncheon.

Miss Marian Wilson, formerly of this city, but now teaching in one department of Hamilton college at Lexington, Ky., was awarded first prize as being the best skater at the Flower Carnival given in the skating rink at Lexington for the benefit of the Red Cross fund. The Lexington Herald of March 11, says of the Carnival:

It was a brilliant and fashionable assemblage that gathered at the Skating Rink for the Flower Carnival given to raise funds for the Red Cross Society. All who are so much interested in the noble cause proved on this occasion their willingness to aid and the promoters and committee of ladies in charge were much pleased over their success both financially and socially. The rink was elaborately decorated with red and white and blue bunting which entwined the posts, rails and hung from the beams in the ceiling, completing a beautiful and patriotic scene. About the walls hang the red cross and great banners and flags were used everywhere. The Liberty bell, a huge design with the clapper a large electric bulb swinging in the center of the rink and at one end of the rink and on one side were the boxes all beautifully decorated in red, white and blue, flags and bright lights.

Those who took part in the carnival were on skates. Long before 8 o'clock the rink was crowded, even standing room being refused as the guests were packed to the doors.

For the best skater, a book of tickets to the rink, was given to Miss Marian Wilson.

Although the first home-coming ever given by the Pythian Sisters of this city, the one yesterday in the K. of P. hall was a success from start to finish. The crowning feature of the day was the banquet last

To the Farmers!

Having tried the creamery business through the worst time of the year for cream, I have secured a written lease on the local creamery and am here to stay. I aim to make friends by dealing honestly with the public. That is the only policy that will win.

Do you think it justice to make one suffer for another person's failure? I have risked more this winter to try out the creamery than any farmer will ever risk in selling his cream to me. Some have wondered that we have been able to stay during the winter on such a small amount of cream. "There is a reason." In the first place, I am the only stockholder in the Burchard Creamery Company and I am running it on one-third the expense it cost the stock holding company.

We have worked up a good sweet cream trade and receive a good price for our buttermilk. The men having stock in the old company gave all of their time to other business. They hired men who cared more for themselves than for the success of their employer and ran the

creamery to suit themselves. Their butter was of poor quality and had to be sold mostly to commission houses. That was a sure road to failure.

I have a good butter maker. Ask any storekeeper in Rushville about our butter. We sell it all to stores and restaurants at the top price. The grocery keeper wants us to stay, Don't you?

The history of nine out of ten stockholding creameries is failure, but who ever heard of a creamery run by an individual to fail? Home industries should be supported by home folks, so long as an honest policy governs it. I am getting cream 70 miles away, from my relatives and friends. If they who know me, can trust me, why can't you? Give us a trial and we will not disappoint you. With your cream we can succeed and you will not lose by giving us your support.

For my financial responsibility, I refer you to the Peoples National Bank, where I carry my account.

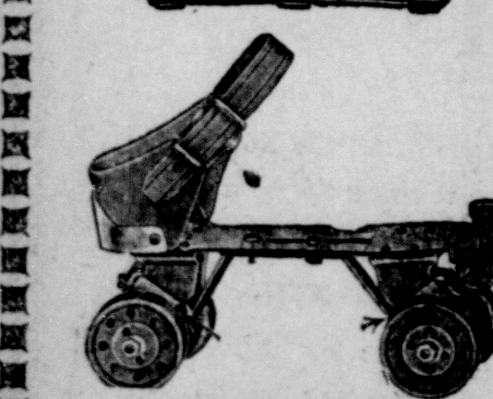

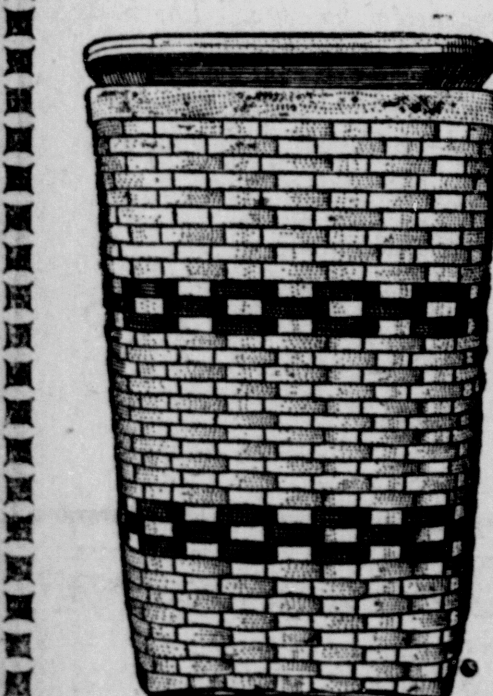

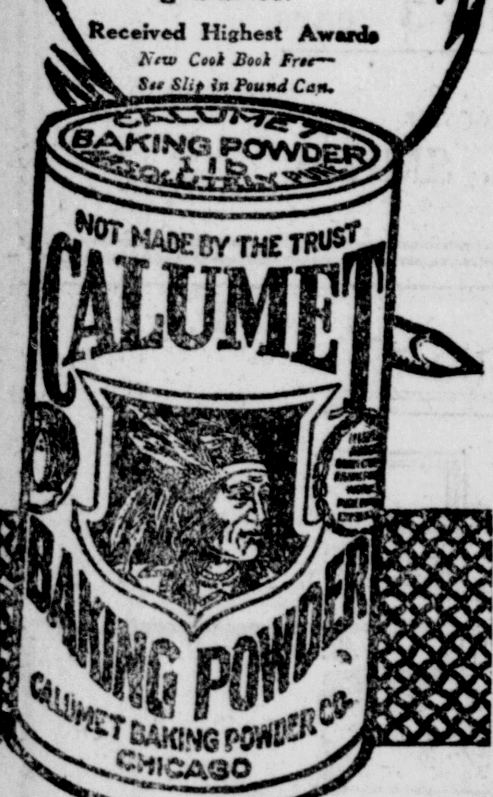

Yours for success,
Harry Burchard

FAMOUS BATTLE TO BE FOUGHT AGAIN

North and South Cadets to Stage Engagement of Gettysburg Over at Chicago.

IS NEW KIND OF A WAR GAME

(By United Press.)
Chicago, March 15.—The Battle of Gettysburg soon will be fought over again in all its intricate detail here on Chicago soil.

Again in forced marches the invaders will come from the southland in the persons of a picked team of the Washington, D. C., high school cadets, to meet the Chicago cadets in the new war game.

The battle will be fought on a miniature battlefield, twenty feet square. Red and blue pegs, the opposing armies, will sway back and forth over the canvas until the United States army officer judges award the victory to one or the other faction.

Captain E. Z. Steever, assigned by the war department to organize the high school boys of the middle west into military units, has been here several weeks preparing his team for the contest. It will be the first inter-city war game contest ever played by the cadets.

ISLANDERS TO GET FIRST MAIL SERVICE

Service For Pitcairn Island Will be Maintained by United States—Ship Leaves New York.

HAS ONLY 150 INHABITANTS

(By United Press.)
New York, March 15.—For the first time since its colonization in 1789 by mutineers and Tahitian women, Pitcairn Island, that geographical period in the Pacific ocean between Panama and New Zealand, where steamers stop sometimes as often as once a year, will receive mail service from the United States via the steamship Australplian, sailing from this port today.

Probably the only person in the United States to which this news is valuable is Miss Emily McCoy, who left Pitcairn 15 years ago to come to the United States to study nursing. There are about 150 inhabitants on the island. Miss McCoy says divorce and unequal suffrage are unknown among the islanders.

JAP AMBASSADOR TO SPEAK

(By United Press.)
Pittsburg, March 15.—Ambassador Sato arrived here from Washington today to attend the banquet of the Pittsburg Press Club, at which he will be the guest of honor. Whether the Japanese diplomat will touch upon Japanese-American relations is not known.

Sir Gilbert Parker, the Canadian novelist, Roy W. Howard, president of the United Press, and Senator Warren Harding have accepted invitations to deliver after-dinner speeches. About 650 are expected to attend the dinner.

BANDITS GET \$5,600

Cleveland, O., March 14.—Cyler Mowrey was killed and Nathan Harper dangerously wounded today when two auto bandits robbed them of \$5,600—the pay roll of the H. J. Rich company. Two men suspected of being the bandits were arrested as they were about to board a train.

Make Your Dollars Count

Come See the Chalmers

Chalmers 7-Passenger, \$1350

What is it that sets Chalmers cars apart from all others? Why is the Chalmers a better value than many other cars—some of much higher price?

Here are a few reasons. Only a few. Read them. Then come to us and let us prove to you that meaning of the word *Quality*—in a motor car.

Materials

The Chalmers, inch for inch, pound for pound, stands high above the other cars near it, in size or price.

Chalmers selects only the finest raw materials. For the frame—carbon steel. For the axle shafts and propeller shaft—chrome nickel. For the front axle—drop forged carbon steel. For the motor casting—close-grained gray iron. For the rear gears—nickel steel, heat treated to secure hardness and toughness. For the transmission housing—aluminum alloy.

So it goes throughout the car from end to end. Examine the Chalmers carefully. The deeper you go the deeper you are impressed with the quality of Chalmers materials.

Manufacture

Chalmers builds "from the ground up" in Chalmers own shops. Motors are Chalmers built, from rough castings to the final test. Built with skill, perfect facilities and untold care.

Motor

The motor is a light weight, high power six. Walls are tested for uniform thickness, to prevent the possibility of distortion and loss of compression. A specially designed intake manifold improves carburetion. Handles fuel economically. Insures easy starting in cold weather.

The crankshaft is designed to transmit maximum power of the motor without distortion or vibration. A one-piece crankshaft of drop forged carbon steel, heat treated. Noted for sturdiness. Strength. Rigidity. Balanced while rotating at high speed on a special machine. The balancing weights are a unit with the shaft.

Transmission and Axles

There is quality in the transmission. In the housing. In the gears. With Hyatt quiet bearings. Gears and shafts are made of nickel steel, case hardened. The transmission housing is cast from aluminum alloy.

The axles are amply strong to withstand all the stresses of hard service. The front axle is an I-beam drop forging of carbon steel. Spindles are extra large. With Timken roller bearings. A disc protector keeps out dust or grit.

Rear axle: light, strong, simple. The identical type used on some of the most costly American and European cars.

Frame and Body

An exceptional frame. Light and stiff. Sturdy and strong. Made of a pressed channel section. 5 inches deep. 2 1/2 inch flanges. 3/8 inch thickness. Braced by 3 cross members and reinforcing plates.

A sheet steel body. With frame of select ash. Genuine leather upholstery. Luxurious cushions. Soft and Deep. High seat backs. Wide seats. Four bow top. Covered with Pantasote. Curtains equipped with quick and easy fasteners.

Equipment

Equipment is costly and complete. Westinghouse electric starting and lighting. Willard 80 A. H. Battery. Stewart-Warner Speedometer and Vacuum feed fuel system. Gun metal finish instrument board. Nickered foot rest. These features indicate the high quality of equipment used on the Chalmers cars.

Appearance

Body lines are distinctive. Unique. The radiator is high and narrow. The hood is straight with an unbroken sweep. The windshield is the popular slanted type. Molded oval fenders harmonize with the body.

All of the above means Quality. The kind of quality you need in the car you buy, and the kind of quality you GET in the Chalmers

ARGUMENT ON DEMURRER

First Step Taken Against Establishing Leper Home.

(By United Press.)
Princeton, Ind., March 15.—Preliminary legal entanglements resulting from objections of farmers living near the Gibson county poor farm, against the establishment of a home for David Byers, leper, at the institution, were fought out in court before Judge Vandever today. The farmers filed a petition seeking an injunction to prevent the state board of health from establishing the home for Byers. A demurrer was filed by the health official contending that the acts of the state board of health could not be enjoined.

Mr. and Mrs. Ralph Hester and Mr. and Mrs. Carey Phares motored to Newcastle Monday, upon receipt of the news of the tornado having stricken the place. Mrs. Hester has a sister, Mrs. Wilbur Poston, living there, of whose safety they were gravely concerned. They found her unharmed, however, and were greatly relieved.

A number of local people attended the funeral of Edward Spencer, held Saturday afternoon at the Christian church at Arlington.

Mr. and Mrs. J. M. Pitts, Mr. and Mrs. John Swain and Mr. and Mrs. Russell Pitts returned, Friday from St. Petersburg, Florida, where they spent the winter. Mr. and Mrs. Elmore Barnard who also were with them will not return for a few weeks yet.

Revival services are in progress at the Little Blue River Christian church.

George Woodroof will work for Jasper Hester during the summer.

Poston Bros. of Gwynneville have a large contract with Wendall Pitts in putting in a drainage system. Mr. Pitts purchased two car loads of tile to be used.

Mr. and Mrs. Lon Wilks, of Indianapolis, spent the week end with relatives of this vicinity.

Miss Lois Pitts, who is attending the Union Bible Seminary, of Westfield, Ind., this winter, will return the last of next week, that being the close of the term.

Allen Macy is moving to the farm purchased by him some time ago, known as the David Macy farm.

Clifford Heahl, formerly of Manila, but now a resident of New Albany, will work for Carroll Pitts, this season. He will begin about April 1.

Glenwood.

Mrs. Caroline Redman, wife of James Redman, formerly a resident of this vicinity, was buried at the Fairview cemetery Monday at 2:30 o'clock. She was a sister of Oliver Cameron, who died several years ago. The husband, four daughters and two sons survive.

The Rev. Daniel Ryan preached a very practical sermon at the M. E. church Sunday morning. There was not a very large crowd on account of the bad weather.

A heavy rain fell here Sunday evening.

Mr. and Mrs. Ralph Peck spent the week end at the home of Mr. and Mrs. Jones near Sexton.

A son was born to the wife of Dennis Pettis on February 20.

Mrs. Harwell and Miss Marie Nichols visited the former's daughter, Mrs. Fred Hackman, who lives in Western Avenue in Connersville, Saturday afternoon and evening.

A medicine show here all last week attracted large crowds.

Mr. and Mrs. H. W. Ludlow are in very poor health.

Avery Putman of Indianapolis and Mrs. Atha Dillings of Farmland are assisting Mrs. Lola Runyon in caring for their mother, Mrs. Henry Putman. She is improving very slowly.

Mr. and Mrs. Charles Schlegel and family were guests of Mr. and Mrs. Fred Bunzendahl Sunday.

The Rev. Daniel Ryan attended the revival services at Connersville a few nights last week.

The town trustees met as usual last week but left the meeting open so that they could transact other business later.

Mrs. Erskine Dailey has recovered from a recent illness. She expects to have her tonsils removed in the near future.

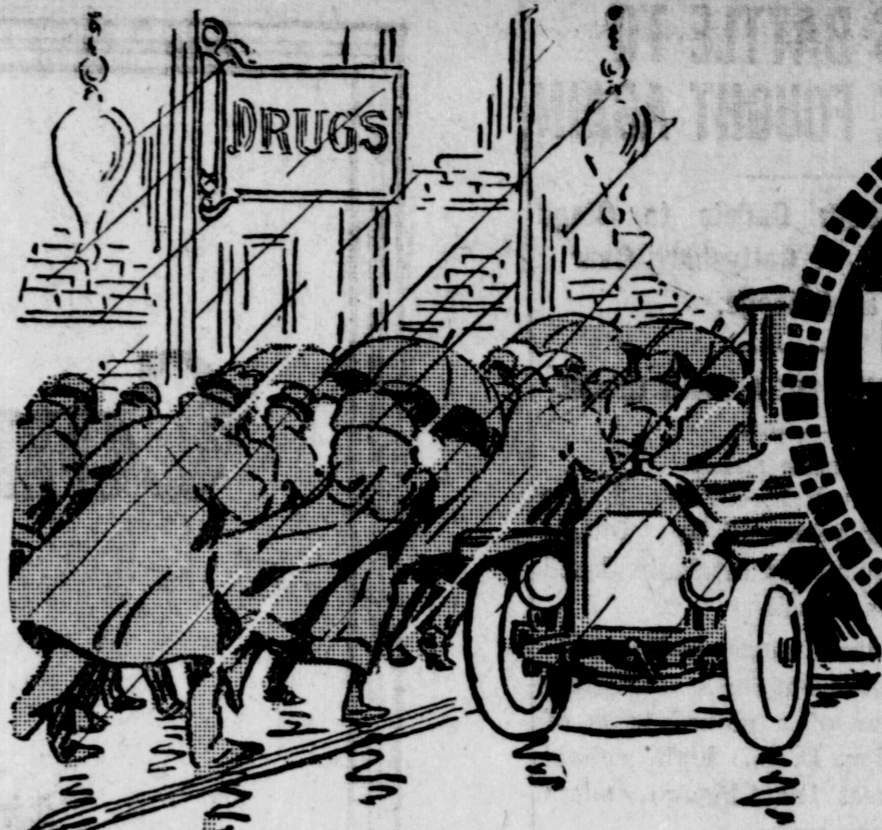

The members of Chester Beaver's family are recovering from the measles.

Orville Martin is recovering from a severe attack of pneumonia.

The usual services were held in the United Presbyterian church Sabbath afternoon.

About forty friends of Dr. Clark met at the home Mrs. Maggie Dudgeon Saturday night and surprised Dr. and Mrs. Clark, who were recently married. They received many valuable presents.

Go right into the first drug store you come across and ask the man behind the counter for a bottle of Dr. King's New Discovery for coughs and colds. He'll know; chances are he has sold it ever since the day he opened up.

Dr. King's New Discovery has been recommended and sold by druggists for nearly half a century—that's some record!

But the satisfaction it gives is what makes it so popular and you'll like it too. Dr. King's New Discovery eases your cough, soothes your tired throat and bronchial tubes, checks the cold and makes you feel like yourself again. Try it to-day.

The Anker-Holth Cream Separator

Is the only Separator on the market that has a SELF-BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. ¶ The Bowl is Self-draining which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator. ¶ It has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. ¶ It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

Do not be deceived by false statements by people who claim that the cream and milk will remix. I am not hunting for tests, but I am willing to test with any other Separator made in the world today, and let the Babcock tester be the judge.

The ANKER HOLTH is a high-grade Separator at a Medium Price.

BREWERS PERFECT NEW DRY BEVERAGE

If Successful it Will Solve Problem
For Men Who Depend on
Breweries For Living.

HAS EVERYTHING BUT "KICK"

(By United Press.)

Evansville, Ind., March 15.—Brewers of this city have perfected a beverage with the flavor, color and foam of beer but contains no alcohol which will be made after April 2, 1918, when the prohibition law goes into effect. It will be put up in brown bottles, the same as beer.

The new beverage, if successful, will solve the problem of work for men who now depend on the breweries directly. The cost of making the near-beer, is about twice as much as regular beer.

BUSINESS MEN MAKE PLANS

Will Extend Work and Activities of
Chamber of Commerce.

(By United Press.)

Indianapolis, Ind., March 15.—Business men of Indiana gathered here today for a meeting at which plans will be made to extend the work and activities of the state Chamber of Commerce. The meeting will open tonight with a banquet at the Claypool hotel. Prominent men of the state, including Gov. James P. Goodrich, Oscar C. Smith, Kokomo will speak. Two hundred and fifty business men of the state have been invited to attend the gathering. Arrangements to be made tonight will include provision for the establishment of headquarters in Indianapolis and for the promoting of the industrial welfare of the entire state.

HIGH COST HITS PRISONERS

Sing Sing Inmates Feel Effect in
Daily Menu.

Ossining, N. Y., March 15.—Sing Sing prisoners to-day are feeling the effects of the high cost of living. In the past, potatoes and onions were a regular part of the daily menu. Now however, the chef is feeding the inmates rice and macaroni in place of these high priced foods, in order to reduce the cost of feeding the 1500 prisoners. Instructions have also been issued forbidding the men receiving bread at any time of the day outside of the specified meal hours.

WHAT-YOU-MAY COLUMN

BY "G.M."
Spring.

Spring is Nature's apology for Summer and Winter.

Everyone, including the man who froze his face last January and the man who suffered a heat prostration last August, is supposed to be happy in Spring.

Spring is the time of year when radiators, tea kettles and prima donnas quit singing and the birds begin.

Spring is everywhere, in Spring. In the step, the eye, the atmosphere, everywhere. There's only one place where Spring isn't. That's in a \$1 a day hotel bed.

The only unpleasant thing about Spring is poets.

It Works! Try It

Tells how to loosen a sore,
tender corn so it lifts
out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Again for \$1—While They Last This Aluminum Cooker

The cost of Aluminum has doubled since we ordered these lifetime Cookers. At present prices, this offer would be impossible. So, in all probability, after our supply is exhausted, it cannot be made again.

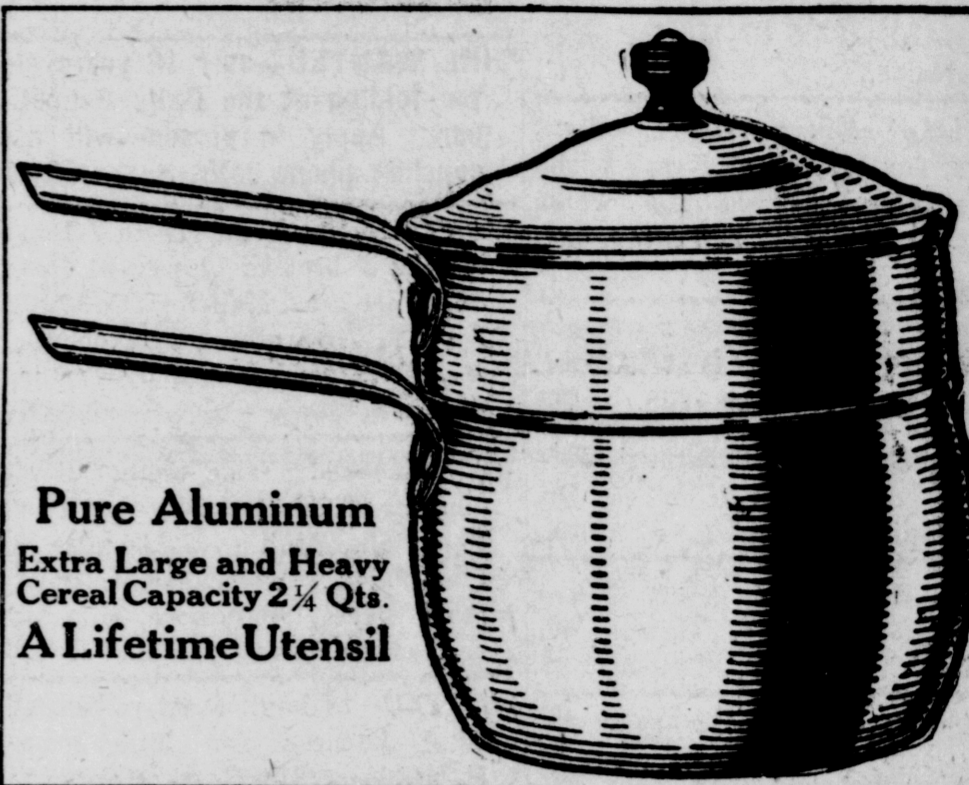

Next week the grocers of this city will once more feature this Quaker Cooker offer. And for the last time, we believe.

We have supplied Cookers now to over 1,000,000 homes. We have supplied these guaranteed Aluminum Cookers for \$1 to Quaker Oats users. But this offer ends with our present supply, and probably forever. Unless Aluminum drops 50 per cent, we cannot again offer a Cooker like this for \$1.

But next week only we make the offer below. You can get this Cooker for \$1, by buying two of our cereals which should be cooked in it.

This offer is made to induce better cooking. To bring you Quaker Oats and Pettijohn's cooked in perfect form, with the flavor kept intact. Our reward will come in your doubled delight in these foods. But we supply only one to each family.

Unless you have the right flakes, right cooking does not help much. But, if you use Quaker Oats and Pettijohn's, this cooker is yours for \$1. This is for one week only. Get the packages from any grocer named below.

Extra Large and Heavy
Cereal Capacity 2 1/4 Qts.
A Lifetime Utensil

One Week Only—Your Last Chance

Our Offer Is This: Purchase two packages of Quaker Oats and one package of Pettijohn's or three packages of either. Get a Sales Slip from your grocer showing the purchase. Send us check or money order for \$1 with the Sales Slip and we will mail the cooker by parcel post. We ask the Sales Slip just to show that you use our cereals. Sales Slips must be mailed next week. This offer applies in this vicinity only. Address

Quaker Oats

The Extra-Delicious Vim-Food
Flaked from Queen Oats Only

All the world over, Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send to us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from queen grains only—just the big, plump, luscious oats. No puny, starved grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

Pettijohn's

Rolled Wheat with 25% Bran Flakes
A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It means better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in savory flakes of wheat. The food is a morning dainty which everybody likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.

"SAVE THE BABIES.

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

Bottle fed babies are much more liable to get diarrhea and to have it more severely than breast fed babies. Keep their milk clean and cold, also boiled and pulverized. Bottles and nipples should be boiled daily and kept very clean. In very hot weather the baby needs less food and more drink. Dilute his milk with cooled boiled water and give him cooled boiled water freely between feedings.

RECEIVE SHIPMENTS SUBJECT TO DELAY

Two Railroads Here Get Orders Due to Threatened Strike Which are Practically Embargo

SHIPPER TAKES THE RISK

Two railroads entering Rushville have received orders to accept freight shipments only subject to delay. All bills of lading are to be so marked and this order applies to all classes of freight. The order comes as a result of the threatened strike, which is promised for Saturday.

The two railroads receiving the order are the Big Four and the Pennsylvania. The C. I. & W. had not received the order this morning and neither had the L. E. & W. The Lake Erie has been without wire service for three days due to the sleet storm, but both roads expect an order of this kind.

Most eastern railroads have had an embargo in force for the past month, making shipments of any distance east of this city difficult. The present order will curtail shipments even greater than this embargo as the sender of freight does so at his own risk. The order in a manner is nothing less than an embargo.

GOOD BUYING Is the Only Effective Weapon

against high prices and the Spring of 1917 is the time to use this weapon to your advantage. Everything you have to buy is away above normal price and only by shrewd buying can you overcome this condition.

I have bought buggies on which I could make a nice profit by re-selling them at present wholesale prices, but they will be sold to the buggy users of this locality at a price based on the market they were bought on, which means a saving of at least \$10.00 to \$15.00 on each job.

OUR OPENING on MARCH 16th and 17th will convince you of these facts, if you will favor me with enough of your time to look at my line of Vehicles.

I want your vehicle business and if the best of standard makes of vehicles at prices that mean \$10.00 to \$15.00 saved will get it, I am sure going to get it. Every buggy guaranteed—they have to be right—I am not satisfied unless my customers are. Every customer must be a friend and a booster for my buggies. Some dealers say I cannot live and sell buggies at my prices. (I will let you know when to send flowers.) In the meantime save yourself some money by buying your buggies of a man who thinks just as much of making friends as he does of making sales. My motto is: "WHEN YOU MAKE A SALE, MAKE A FRIEND TO BOOST YOUR BUSINESS"

TRAGEDY BEFALLS WILL HECK'S FAMILY

Wife and Step-Son, Ray Heifner,
Die About Time Tornado Strikes
Newcastle—Wife Prostrated

THEY FORMERLY LIVED HERE

A tragedy befell the family of Will Heck of Newcastle, formerly of this county, at just the time the cyclone struck Newcastle. Although they were not injured in the storm, Mrs. Heck and her son passed away and relatives who were in the Heck home did not know Newcastle had been devastated by a tornado until they were told that a house three doors away had been blown down.

Ray Heifner, age twenty-two years, who was born three miles from here, died Saturday night of tuberculosis. His mother, Mrs. Heck, was prostrated the Thursday previous from caring for him and was in a dying condition when the tornado hit. She died Sunday night.

A double funeral was held yesterday. Mrs. Heck and son were well known in this county. Mr. Heck was born near Bentonville and was known in the northern part of the county.

Former Senator W. E. Chilton Seeks Investigation of Election

(By United Press.)
Washington, March 15.—Former Senator William E. Chilton, West Virginia democrat, has asked for a senate investigation of the last election in which he was defeated by Howard Southerland, republican. Chilton had contested the election in the West Virginia courts, which yesterday ruled against him. Senator Simms presented Chilton's request for an investigation.

on R. E. Mansfield's Talk

AT CONNERSVILLE BANQUET

E. I. Lewis, staff correspondent of the Indianapolis News, in an article in last night's News on the Connerville Commercial club banquet, says of Robert E. Mansfield's toast that nineteen years in the consular service produced a finished after-dinner speaker. He writes as follows:

Robert E. Mansfield, now of Rushville, who exhibited himself as an exception to the otherwise profound observation that in the United States consular service "few die and none resign," was with the Governor as a headliner on the bill and he showed that the long service of nineteen years in the consular service had produced a most entertaining and finished speaker. He touched on many observations of his service in various countries and brought out the fact that while he deplored war, yet it was not without its benefits.

"There is nothing," he said, "that cures national ills and develops or rekindles the fire of patriotism as war does."

FILES SUIT FOR SUPPORT

Mattie M. Sweet Brings Action
Against Harry Sweet

Mrs. Mattie M. Sweet has filed suit against Harry Sweet for support and asking the court to appoint a receiver to take charge of Sweet's personal property consisting of two threshing outfits. Mrs. Sweet alleges that he spends his money for whiskey and refuses to support her and their children. Mrs. Sweet claims that the property is encumbered and is in danger of becoming more so unless a receiver takes charge. It is claimed he owns property worth \$3,500. Mrs. Sweet asks the sum of \$10 a week for support money. Chauncey Duncan represents the plaintiff.

CHARGED WITH ASSAULT

Frank Nicholson was arrested this morning on a charge of assault and battery of Arthur L. Snyder. Nicholson entered a plea of not guilty and the trial was set for Friday morning at ten o'clock by Mayor Bebout. The affidavit was filed by Snyder.

Oulean, N. Y., March 15.—Six men were killed in an explosion in the Aetna explosive company's plant here today. The building was destroyed with a loss of \$800,000.

FAVORS GRAYSON

(By United Press.)
Washington, March 15.—The senate navy affairs committee ordered a favorable report on the nomination of Dr. Cary Grayson to be medical director of the navy with a rank of rear admiral. This action was taken by a strict party vote, the republican members of the committee refusing to support Grayson. It is expected Dr. Grayson's nomination will be confirmed within a short time.

Faculty Will Play Varsity

Teachers of the High School Will
Play the Basketball Team at
Gymnasium Tonight

J. H. SCHOLL TO BE AT CENTER

Marlatt and Wylie Will Play For-
wards and Stewart and Cul-
liphier at Guards

(Katherine Todd.)

A very entertaining diversion is
promised the local fans who are
present at the high school gymna-
sium this evening, when the faculty
will meet the varsity basketball
team.

The teachers have been putting
in a week of strenuous practice and
intend to put up a good fight. Most
of the pedagogues who have been
selected to represent the faculty
have declared their intentions of
making their wills and disposing of
their worldly affairs before going on
the floor. The majority of them
seems to be resigned to their ob-
vious fate but others are more op-
timistic and expect to escape with
minor injuries.

Mr. Scholl has been chosen to
play the position of center with Mr.
Masters as substitute in case of un-
foreseen complications. The "glit-
tering-flattering forwards," as Mr.
Masters described them, are Mr.
Marlatt and Mr. Wylie, while the
lengthy guards are Mr. Stewart and
Mr. Culliphier. Mr. Parke has been
reserved as a substitute.

The faculty team has so far
shown that they are quite game and
do not intend to be quitters. In fact
they expect to mete out to their op-
ponents value received in the way of
punishment. The students have ex-
pressed the desire to settle old
scores with their teachers at this
game and have resolved to make the
faculty take their medicine. The re-
sult promises to be interesting to all
persons interested in either basket-
ball or prize-fighting.

Explains Use and Theories

Reuel Bennett Talks to Senior High
School Tuesday Morning in
The Assembly Room.

SHOWS WIRELESS MACHINE

By Means of it he Demonstrates
Many Theories he Discussed
—is Operator Himself.

A diversion in the way of opening
exercises was offered the members
of the senior high school on Tues-
day morning when Reuel Bennett
talked in the assembly room on
"Wireless Telegraphy, its Theory
and its Uses."

Reuel is a freshman in the local
high school and is especially quali-
fied to discuss this topic, since he is
himself a wireless operator and a
member of the Radio League of
America, a government organization
for the protection of amateur tele-
graphers.

The speaker discussed first of all
the conducting medium through
which wireless messages are trans-
mitted. He asserted that the at-
mosphere is full of a weightless sub-
stance called ether through which
the electrical waves generated by
the transmitter are carried to the
receiver and communicated through
the coherer. The regulation of the
length of these waves makes possi-
ble the infinite variations of the
telgraphers code and constitutes,
as he affirmed, the chief problem of
the wireless mechanism.

After this explanation, he enumer-
ated the most important uses of
wireless telegraphy among which
were the regulation of time, the dis-
tribution of weather statistics, and
the communication of dispatches in
time of war. He also quoted data to
show the number and efficiency of
the amateur wireless operators in
America.

Reuel had on display Jesse Poe's
wireless machine and with the as-
sistance of Weldon Kennedy, also a
student in the local high school,
demonstrated a number of the theo-
ries which he had explained.

The Far Mangled Banner

(Apologies to Francis Scott Key)
O, say can you see, by the torches
red light,

What so proudly we hailed by the
are lights bright gleaming—
Whose "Women's Votes" sign, done
in plain black and white,
In the suffrage parade was so gal-
lantly streaming!

And the torches' red glare, the
"hoorays" in the air.

Gave proof to the town that the
"skirts" were right there!

O, say will the Suffrage Banner soon
wave

O'er the land of the free, and the
home of the brave.

On that square dimly seen thru the
mists of the night,

Where the suffragette guard near
the White House reposes,

What is that which the breeze, to the
President's sight

As it fitfully blows, now conceals,
now discloses?

From the morning's first ray thru
the wearisome day,

To the coming of night, it has kept
him at bay.

'Tis the Suffragette Banner, O, soon
shall it wave,
O'er the land of the free and the
home of the brave.

O thus be it e'er when the women
shall stand,
Twixt justice and right and mis-
representation.

Blest with victory and peace, may
the suffragette band

Hold office and vote with great
joy and elation!

For conquer we must, when our
cause it is just,

And this be our motto, "The ballot
or 'bust'!"

And the Suffragette Banner—oh
long may it wave,

Insure women's rights and the
male sex enslave.

HAS PERCENTAGE OF .800

Review of Season Reveals That
Quintet Won Twenty Out of
Twenty-Five Games

(Norman Reed.)

Despite the fact that it was de-
cisively defeated in last week's sec-
tional tourney at Richmond, the
Rushville high school basketball
team has made a commendable re-
cord for the current season.

Having won twenty out of
twenty-five games it holds a per-
centage of .800, a mark unequalled
by any local aggregation within the
memory of the present high school
generation.

The showing of the team appears
even more remarkable when one re-
flects that it has played the most
difficult schedule ever attempted by
a local quintet, as is readily seen
in the following summary of the
season:

Richmond Item Elects Him For
Place at Guard on the All-
Tourney Quintet.

In the opening game of the sixth
district tournament held at Rich-
mond last Friday and Saturday,
Rushville was defeated by Richmond
by a score of 50 to 20. For the
first five minutes the teams seemed
evenly matched but Richmond there-
after took a lead and gradually dis-
tanced the local quintet.

The Richmond players were in the
best of form and displayed a brand
of basketball that would have made
them contenders in most any high
school tournament. Consequently
they easily "walked away" from the
locals who for some undiscovered
reason did not exhibit the "pep" and
spirit shown in former games.

Although Rushville was decisively
defeated by the sectional champions
they claim to be the next best team
in the district because of the fact
that they scored more points against
them than any other team that met
Richmond in the tournament.

Oakley, a Rushville guard, was
placed on the all-district team, se-
lected by the Item, a Richmond
newspaper. At the close of the
tourney the referees picked an all-
star team on which Martin, the
lengthy captain of the local aggre-
gation, was awarded the center po-
sition. These selections speak well
for the Rushville team.

RUSHVILLE, 23; FRANKLIN, 19.

Rushville won the final game of
her schedule on the evening of Fri-
day, March 2, when she defeated the
Franklin five in the local gymnasium
by a count of 23 to 19. The game
was not as good as the score would
indicate. The locals were not play-
ing up to their standard and this
combined with hard luck on hitting
baskets almost proved the visitors
downfall. The Franklin aggregation
showed marked improvement since
their defeat by Rushville earlier in
the season and made the play close
throughout the game. Their guard-
ing was unusually good and this is
largely responsible for the small
score registered by Rushville.

Girls Given A Surprise

Those Who Played Basketball This
Season Enjoy Pitch-in Supper
at Gymnasium

ARRANGED BY MISS BALDWIN

Following Several Games of Basket-
ball Excellent Menu is Spread
on Improvised Table

(Dorothy Easley.)

The girls who have played basket-
ball this season were pleasantly en-
tertained Thursday, March 1, with
a pitch-in supper held in the gym-
nasium of the Graham Annex. Af-
ter a series of basketball games
played from seven o'clock to eight-
thirty, the girls sat down to the de-
licious repast, which had been spread
upon an improvised table made from
the benches of the bleachers. An
excellent menu combined with deco-
rations of sweet peas and greenery
made the supper a truly delightful
affair. The function was conceived
and managed by Miss Nelle Baldwin,
the director of girls' athletics in the
local high school, and marked the
end of this activity for the present
school year.

REED ELECTED CAPTAIN.

In the last meeting of the basket-
ball squad for the 1916-1917 sea-
son, held at Richmond on last Fri-
day, Norman Reed was unanimously
elected captain of next year's
team. For the past two years Reed
has played a steady game at guard
and is well qualified for the position
to which he has been chosen. His
knowledge of the game and his ex-
perience should aid him much in
leading the winning team, which will
undoubtedly represent Rushville
next year.

Mr. Wiley: (Reminiscing in Chem-
istry class): "In my younger days I
enlisted in a regiment to fight for my
country. Just before a memorable
battle the commander said: 'Boys,
you must strike for home and coun-
try.' The other boys struck for
their country but I struck for home."

Spring--It's Here

Gentle Lady.

Think of me when you are happy;
Keep for me one little spot;
In the garden of your heart, dear,
Plant a sweet forget-me-not.

—Everett Oakley.

Love.

There is a little word which takes
little space in the dictionary but a
large place in life. It requires only
four letters to spell it but it fre-
quently takes a hundred letters to
tell it and fifteen pages for each
letter. Consequently with the war-
time prices on paper love has be-
come expensive.

There are persons who think that
love is only pastime and others who
feel it an omnipresent force deter-
mining the success or failure of
their future. To the latter class be-
long spring poets, school-teachers,
basket-ball players, and Republican
employees.

Then there are folks who say
there is no love. They have never
attended a dance at Glenwood or
spent an evening at the "Princess."
If they had they would understand
that love is everywhere: sometimes
"above boards," as on the dancing
floor; but more frequently "screen-
ed" as in the "movies."

Love is like motor-cars—variable
in action. Some lovers start without
difficulty and are speeding into mat-
rimony before they know the road to
take or the town they'll reach, when
they get there. These "speedings" usually
choke on the hills and occa-
sionally run out of "gas" before
they reach the home-stretch. Again

Shows Wide Scope of Art

Miss Bonnie Snow Explains How it
Has Been Applied in Practical
Way to Life.

LECTURES AT ASSEMBLY

Demonstrates Possibilities in Artis-
tic Dress, House-Furnishing
And Advertising.

In a lecture illustrated with an
interesting collection of artistic
bric-a-brac, Miss Bonnie Snow of
Richmond, Indiana, explained her
conception of "Practical Estheti-
cism" to the audience of students,
teachers, and art-lovers, gathered
in the high school assembly room on
the evening of Wednesday, March
7. Miss Snow's magnetic personality,
combined with an unusual knowledge
and appreciation of art, made the
affair an outstanding feature of the
present school year.

The speaker explained that in re-
cent years art had been applied to
life in a practical way which had
made it not only more extensive in
scope but also more democratic in
spirit. She showed how the most
commonplace objects of every day
life, such as olive bottles, paste-
board boxes, and china bowls might
be made objects of extreme beauty
through the agency of the most ele-
mentary processes of painting. She
also demonstrated the possibilities
in artistic dressing, house-furnish-
ing, and advertising in such a way
as to convince the audience that
commercial art had ceased to be a
dream and had become a reality ca-
pable of unlimited application.

In the course of her remarks Miss
Snow heartily commended Miss
Henrietta Coleman for her work in
the art department of the Rushville
schools. She reported that she had
seen sufficient examples of the draw-
ings made in the upper grades here
to convince her that Miss Coleman
had caught the new spirit and was
doing everything in her power to
make the course practical as well
as esthetic.

She.

There is a girl who sits by me—
She's just across the aisle—
And every time I looked at her
She's smile and smile and smile.
How smiles do nerve us!

So I made bold to say to her:
"Do you not love me dear?"
She answered "Nothing" stirrin'
kid."
I felt a little queer.
It made me nervous.

Now every time I look at her
She'll frown and frown and frown.
I turn bright red and feel quite
blue—
O Gee, I'm upside down."

Ye gods, preserve us!

—Paul Spivey.

Mr. Marlatt: (In Senior English):
"What was there about Byron's face
that made him so handsome?"

Mac Gray: (Sentimentally):
"Well, his lips struck me most forc-
ibly."

Mr. Marlatt: (Knowingly):
"Naughty, naughty! Mustn't."

..Views and Interviews..

Preparedness.

(PAUL NEWHOUSE.)

For the past four years Rushville
High School has been represented in
all her field meets by a very poor
track team. The situation in which
she finds herself begins to look
alarming. The teams for the last
two years have been composed of
from two to five men. These repre-
sentatives cannot do the work of
ten or twelve and as a result Rush-
ville takes last place in every field
meet in which she participates.

There is surely some reason for
her failure in this branch of athlet-
ics. We believe that the students do
not show the proper spirit toward
the track team and do nothing to
aid to encourage its success. Just
because it has never before loomed
up as a contender for first place is
no sign that it never will. If the
students would make up their minds
to support and make it a success
the rest would be easily done.

It is now time for us to make our
resolutions and to act them as well.
We should unite, not to knock, but
to boost, for a victory next May. Let
us show Coach Masters and the few
who are out for track that we are
with them and wish them success.

(Harold Woleott.)

"Will I? Well I guess, yes!" I
replied to Mr. Marlatt's request that
I interview Miss Frances Frazee of
the Daily Republican staff; for I
knew Miss Frazee to be a very en-
tertaining as well as a "good-looking"
editress.

"Hello" I sang out as I entered the

editorial room. "Get ready. You're
going to be interviewed."

"Wonderful!" she "came back."
"Now I will know how my victims
feel, when I give them the third de-
gree. But what do you want to
know?"

"Anything you do," I stabbed; for
frankly, I was not just clear on the
matter myself. Then taking new cou-
rage, I ventured: "Er—tell me about
your work."

"Well," she began smilingly, "when
I come down to the office at 8:00 a.
m., I look over the papers from dif-
ferent towns to see if they contain
anything of interest to the people of
Rushville, and if they do I write it
up and have it printed in the after-
noon edition of the Republican. At
9:00 o'clock I go out to gather 'per-
sonals.' After that I handle the so-
ciety items, which are the largest
part of my work. Those disposed of
I am free to read proof or collect
material for the Woman's Page
which we publish in our Saturday's
edition."

"That sounds easy enough" I in-
terrupted. "Don't you ever work?"

"Work," she retorted viciously as
I expected. "If you think that's
play try it once. It sounds easy but
it's really hard because we have to
be so careful about the authenticity
of the news that we receive. There
is a terrible rush about everything. I
must get items to the office as quick-
ly as possible, since 'stale news' is
no news."

"Oh!" she sighed. "Isn't that
enough? That's the most I've talk-
ed since Christmas. If you want any
more ask 'Doc.' He knows."

NO ARGUMENT ABOUT NEED

Rush county's efforts to help the
stricken people of Newcastle, speak-
ing in terms of dollars and cents,
footed up exactly \$1,226.25 today.
Subscriptions since those reported
yesterday amounted to \$347.25.

At the present pace, the Rush
county fund should not miss the goal
set for it by very many dollars. The
rapidity with which people from ev-
ery walk of life are responding to
the call for help encouraged those
who are boosting the fund. The re-
sponse from the farming community
has not yet been very great, but it
is anticipated that many yet will
send in good sized sums.

The report of two hundred dollars
being raised at Carthage and the
possibility of the sum being in-
creased helped substantially to swell
the Rush county fund today. A
member of the committee informed
the Daily Republican that much
more would likely be given. Al-
though it was not stated, it was
presumed that Carthage would send
its donation directly to Newcastle
without first placing it in the fund
here. However, since it is a Rush
county effort, it was considered fair
to count the Carthage contributions.

Mayor Bebout yesterday dispatch-
ed \$455.00 to Newcastle and today
he sent \$146.25, making \$601.25 thus
far sent. Whatever cash there is
on hands each morning is sent in
the form of a draft to John W.
Rodgers, treasurer of the finance
committee. A large sum can be mailed
tomorrow morning because many
subscriptions made earlier were paid
this afternoon.

There seems to be no argument
about the need in the devastated
district of Newcastle. It has been
apparent to every local person who
has visited the scene. It has re-
solved itself into the question of
whether those who have not given
feel like they can add their mite,

F. Thompson, has filed suit against
Eddie G. Thompson for partition and
an accounting. It is set out that the
plaintiff and defendant are the own-
ers of about 50 acres of land jointly
and that Thompson has been farm-
ing the entire place. It is al-
leged that he owes the plaintiff for
last year's rent and has failed to
renew the rental contract. It is
pointed out that the land is not sus-
ceptible to division and a partition
is asked.

The U. R. K. of P. will meet to-
night to prepare for a trip to Con-
nersville, where they will give degree
work.

Carthage Is Raising Fund for Newcastle Will Pass \$200 Mark

A voluntary committee compos-
ed of Miss Winona Newsom,
Mrs. Floyd Lineback, H. R.
Hole, M. F. Lovett and Howard
E. Henley received donations at
Carthage Tuesday for the
Newcastle sufferers and yester-
day the fund reached \$200.00
in cash. The committee will
continue to accept donations
until all have had an opportu-
nity. Many telephones are in
trouble and it is expected that
many more will be anxious to
give to this worthy cause, a
member of the committee said
today.

GERMAN PEOPLE ARE LONGING FOR PEACE

This is Message That Ambassador
Gerard's Report to the Gov-
ernment Brings Back

PIN FAITH IN THE SUBMARINE

(By United Press.)

Washington, March 15.—Longing
for peace is the great emotion of
the German people today.

They are enduring hunger and pri-
vations of all kinds confident that
ruthless warfare will end the strug-
gle. These are the outstanding
features of Ambassador Gerard's
report of the government on the
German situation. There is another
feature he conveyed: In spite of
food shortage and financial condi-
tions Germany will be able unless
there are no crop failures, to strug-
gle through another year by apply-
ing drastic measures.

HEARS AN ARGUMENT ON DEMURRER TODAY

Judge Announces no Decision on
Claim of William Smith Against
Fry Estate

GREEN CASE GOES TO SHELBY

Judge Sparks heard an argument
on a demurrer this morning in the
claim of William Smith against the
estate of the late Isabel Fry. Smith
demands the sum of \$4,200. No de-
cision was announced.
The damage suit of Dr. Frank H.
Green and Derby Green against the
C. I. & W. railway demanding \$400
for the loss of two horses, was sent
to the Shelby circuit court today
and five days given in which to per-
fect the change. The case was
started here and a change of venue
asked after the jury had been se-
lected.

Lester L. Rogers was given a
judgment for \$162.50 against Fanny
B. Wilson and a foreclosure of a
mechanics lien. The defendant per-
mitted judgment to be taken by de-
fault.

RECEIVER FOR ROAD FIRM

One is Asked by W. J. Holliday &
Co. for Colter and Son

W. J. Holliday and Company has
filed suit against Samuel H. Colter
and Willard Colter, demanding \$300
on an account and asking that a re-
ceiver be appointed. Colter and
Son are engaged in building roads.
It is alleged in the complaint that
they are transferring their property
with the intentions of cheating and
defrauding their creditors and for
this reason a receiver is asked.

PLAY PRESENTED

The play given by the members
of the Always Present class last
evening was very well acted. As the
name suggests the plot was an in-
teresting one, "When Cupid Dicta-
tes." Between acts solos were sung
by Miss Hazel Smalley and Miss
Charlotte Norris, the latter being
accompanied by a chorus in Chinese
costume. Characters in the play
were the Misses Hermoine Hughes,
Gertrude Wilkinson, Hazel Stoops,
Margaret Gallimore, Sylvia Wolters,
Rita Gilson, Leota Mull, Nina
Robertson and Esther Foster. The
play was given in the Graham An-
nex.

THINKS RESULT LIES WITH UNITED STATES

France Thinks if This Country Joins
Allies, it Will Mean Quick De-
cision in War

MORE IMPORTANT THAN FIGHT

(By United Press.)

Paris, March 15.—France believes
a speedy decision in the war rests
with Washington.

If the United States joins the al-
lies it means a quick decision for
the entente.

The ultimate result of victory
will be hastened. The French gov-
ernment regards American's en-
trance into war of vastly more im-
portance than any battle that has
been fought. This is the view taken
by the French government.

RUSHVILLE MEN PLEAD NOT GUILTY

Cliff Rigor and His Brother, Oliver
Rigar, are Arraigned in Con-
nersville for Arson

ACCUSED OF BURNING A BARN

Cliff Rigor and his brother Oliver
Rigor of this city and I. N. Berman
of Connersville were arraigned last
night before Mayor Braun in the
Connersville police court on the
charges of arson as filed by Oliver
Seaton, who worked up the case
against them.

All of the men entered pleas of
not guilty and the trials were set
for next Tuesday. The men are
specifically charged with burning a
small building on the night of Sep-
tember 12, last.

Cliff Rigor was arrested here
Tuesday night and his brother was
found here yesterday afternoon.

REVOLUTION IN RUSSIA A SUCCESS

Executive Committee of Duma Im-

trols the Government

CABINET OUT OF EXISTENCE

(By United Press.)

Berlin (via Sayville by wireless)
March 15.—An executive committee
of the Russian Duma has accom-
plished a successful revolution in
Russia, imprisoning all the minis-
ters and now controlling the gov-
ernment, according to an official
statement from Petrograd, issued
by the official press bureau today.

The Duma declared that the min-
isters and cabinet do no longer ex-
ist. The statement said:

"On the third day of the revolu-
tion the capital is in complete hands
of the executive committee of the
Duma and of the 30,000 troops in
Petrograd who supported the re-
volution.

CONFER TODAY TO PREVENT STRIKE

Railroad Managers Ready to Offer
Compromise but Trainmen Will
Fight to Last Ditch

EMPOWERED TO CALL STRIKE

Brotherhood Representatives Are
Backed by Resolution—Walk-
out Set For Saturday

(By United Press.)

New York, N. Y., March 15.—With
the brotherhood representatives
ready to fight to the last ditch and
the managers ready to offer a com-
promise, the opposing factions in the
threatened rail strike went into con-
ference here today. The brother-
hoods, it was declared were, pre-
pared to force the issue and call the
strike for six a. m. Saturday.

Realizing the combined strength
of the brotherhoods, the representa-
tives of the employees managers pre-
sented a resolution passed at a
recent meeting giving the brother-
hood chiefs the right to call a strike
if the supreme court found the
Adamson law a violation of the con-
stitution.

A compromise on a basis of a
raise in wages, it is said, must in-
clude reference to the eight hour
day. It is not thought probable that
the brotherhoods would accept any
compromise.

NO STRIKE IS THE OFFICIAL OPINION

Growing Belief in Washington is Rail
Heads and Trainmen Will Try
to Prevent One

INTERVENTION IS HINTED

(By United Press.)

Washington, March 15.—There is
a growing belief in official circles
that the railway heads and the em-
ployes will leave no stone unturned
to prevent a strike. Few here be-
lieve that the men will walk out
and the president does not believe
the men will walk out in the face of
a grave international crisis.

The first indication of possible
federal intervention came when
Judge Chambers of the United
States board of mediation and con-
ciliation called at the white house.
The president said he told Cham-
bers he could do nothing at this time.

WESTERN ROADS NOT TO HIRE EXTRA MEN

In Case of Strike, They Will Not
Employ Strike-Breakers or
Resist Government Operation

MANY OPPOSE STRIKE ORDER

(By United Press.)

Chicago, Ill., March 15.—Western
railroads will put any strike up to
the public and President Wilson ac-
cording to the executives. They will
operate what trains they can with
men refusing to go out but will
hire no strike breakers. They will
not resist any action of the gov-
ernment to take over and operate
the lines.

If eastern lines are tied up, rail-
road officials say the western lines
will automatically discontinue
freight shipments as they will have
no outlets.

There is a wide variance of op-
inion regarding the strike order.
Many of the men are against the
order and railroad officials believe
many will refuse to strike.

Mrs. Fred Bell and Mrs. Pete
Hollowell of Raleigh were shoppers
here today.

MEN MENTIONED AS GOOD CANDIDATES

Several are Suggested as Suitable
to Represent Rush County in
Constitutional Convention

E. B. THOMAS IS AMONG THEM

Many Urge Him to Become a Can-
didate, Holding That he is Best
Fitted For The Position

The next election in Rush county,
unless the courts hold the law un-
constitutional, will be on Septem-
ber 18 when a delegate to the con-
stitutional convention will be elect-
ed. Several prospective candidates
have been mentioned, and already
the voters are figuring on who to
send to the convention. The election
will be non-political and the bal-
lots will not have the party emblem.

As the convention is important
the non-partisan feature was fol-
lowed in order that the voters could
select the best available men. Among
those prominently mentioned as can-
didates for delegate, the name of
Ernest B. Thomas, secretary of the
Peoples Loan and Trust company,
has received the most favorable
comment.

Many people have urged Mr.
Thomas to be a candidate, setting
out that he is exceedingly well
qualified for the place, having know-
ledge of tax matters and financial
problems and is a practical business
man. Mr. Thomas has not yet con-
sented to be a candidate but is as-
sured a large following regardless
of politics, his friends declare.

The work of making the new con-
stitution is considered the most im-
portant undertaken in the state in
years and the problems will be big
ones to be dealt with in a practical
way, it is pointed out. While the
convention is several months dis-
tant the voters are already figuring
on candidates. The women will
participate in this election and un-
der the law it would be legal to elect
one as delegate. So far no women
candidates have been mentioned and
it is not believed likely that they
will. The successful candidate will
have to get a large percent of the
women vote and for this reason the
women promise to study the qualifi-
cations of the candidates.

The name of William R. Jinnett
of Manilla, Rush county's represen-
tative to the legislature, has also
been mentioned as a candidate for
delegate to the convention. There
is still some doubt as to whether it
is lawful for a representative or any
man taking part in the passing of
the law calling the convention being
eligible to serve in the convention.

NEWS

Did you ever stop to consider
that the letters in the word
NEWS stand for the initials of
the four points of the compass.

What the news does is literally
to put you in touch with the four
quarters of the whole world ev-
ery day in the year and almost
every hour of the day.

The advertising has come to
be an essential part of the news.
It covers the entire compass of
the business world.

It tells of the currents of trade.
It tells where things are made,
what they are for and what they
cost.

It deals with facts—facts that
concern the well being of the peo-
ple.

Take it from the standpoint
of actual helpfulness—and there
is, on the whole, little news in
the newspaper that is as import-
ant as the advertising.

The Daily Republican deliv-
ers this news into 2165 Rush
county homes—into 1026 Rush-
ville homes.

Amusements

The Lyric offers the drama "Quicksands of Deceit" for the first picture tonight. Vivian Rich and Alfred Vosburch. It is said to be a fine drama. The second is a picture of real life entitled "How Auto Thieves Work." The last is a comedy "Two Slips and a Miss." Tomorrow the five act feature "The Bruiser" will be shown.

The next chapter of "Patria" the great serial in which Mrs. Vernon Castle is appearing will be the first picture at the Princess tonight. There are many big scenes in the picture. The second is a "Pathe Weekly" showing world scenes. The next reel is "Florence Rose Fashion Reel" and the program ends with a comedy "A Beautiful Scenic." Tomorrow Geraldine Farrar will be seen in the feature picture "Temptation."

The Gem will show the next chapter of "A Lass of the Lumberlands" for the first picture tonight. The second is a comedy "Jerry's Celebration." The last is a drama entitled "The Key." The attraction at the Gem tomorrow night will be "A Welsh Singer," a Mutual Star production featuring Florence Turner and Henry Edwards. With romantic Wales, London, and historic Rome furnishing the settings Miss Turner in the role of "Mifanny" the little Welsh shepherdess will undoubtedly create even greater interest in seekers among the best in screen productions than did "Far From the Madding Crowd" and "Doorsteps," the preceding Star productions in which she was featured.

MATTHEW KERNER DIES

Matthew Kerner, a former resident of this city and widely known in the northern part of the county, died yesterday at his home near Dunreith. The funeral services will be conducted tomorrow and burial will take place in Lewisville.

WOMEN SHOULD GET THIS HABIT AS WELL AS MEN

Don't eat bite of breakfast until you drink glass of hot water

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—(Adv.)

Matches.

The world is cursed today with the temperamental match.

Formerly the match was a big, husky siver of wood with a head full of fire and brimstone. It was a hair trigger match. One you could strike anywhere and get results.

But matches today are different. Thin, stunted, puny little things. And so darned particular they have to be scratched on their own brand of sandpaper or they won't light. You just have to coax them all the time. And their heads fly off on the slightest provocation. They're no good.

Drat a match that has to be wheeled into doing its duty anyhow.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

Is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. It isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois. Use Black Silk Air Drying Iron Polish on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobile.

NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take. For it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach troubles will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. Farmer's Market After War.

Although American farmers are now getting record prices for their products, due to war conditions, importation of agricultural commodities are so large as to cause concern for the farmer's market if the present tariff law shall be in force when the war comes to an end.

Foodstuffs are pouring into the United States at the rate of over \$50,000,000 a month, according to figures just made public by the department of commerce, the total for January being \$51,000,000, and for the first seven months of the fiscal year 1917, ended January, the total was \$331,000,000, or nearly \$90,000,000 greater than for the similar period ended January 1913, when the products of American soil were protected by an American tariff law. November, 1916, was the banner month for imports of this character, when \$55,000,000 worth entered.

When it is recalled that the average rate of duty on all importations for the seven months period—\$1,348,000,000—was under nine per cent, the larger part of which was collected from manufactured articles, which comprised 35 per cent of

the importation, the loss of revenue because of the enlarging of the free list on food products, comprising 25 per cent of the importation will be appreciated.

It should be borne in mind, also, that the food-producing countries of the world are straining every energy to feed the 18,000,000 non-producers in the European war a task which is accompanied by colossal waste through the operation of submarine warfare, destruction of vast quantities of stores, etc., all of which has to be made up. The dairy products of Holland, Denmark, Italy, Canada, the meat and fish products of Norway, Sweden, Canada, the grains of South America, the rice of the Orient, are all being diverted in large measure to the European belligerents, while the belligerents themselves have declared embargoes on their own food products. And still our foreign competitors in these products are able to chalk up a 37 per cent increase in their sales to us. Does not that suggest the possibilities of competition for the American farmer when peace in Europe is restored? Should we still be handicapped with the present tariff law, these food-producing countries will turn a larger share of their attention to the free-trade market of the greatest per capita food-consuming nation in the world.

A month by month comparison of imports of foodstuffs, crude and manufactured, during the first seven months of the fiscal year 1913, under protection, and the similar period of the fiscal year 1917, under near-free-trade is enlightening to the farmer.

This is an average monthly increase, the two periods compared, of nearly \$13,000,000, with the energies of our competitors divided between the United States and Europe. How long does the American farmer think he can stand this gaff after the war?

Uncle Sam holding all the real money, and Europe all the guns and ammunition, is an arrangement that usually doesn't work well when the police aren't handy.

The first step in the campaign against high prices is for the legislators to mail great quantities of their speeches to their constituents. Owing to rush time in the industries, it is more difficult than formerly for the Unemployed to avoid work.

Prices will surely be reduced by better crops next summer, unless the farmers tries too many of those experiments that the smart metropolitan editors are urging on him.

About now the homesick city people who don't know anyone feel sorry for the lonesome folks in the country who meet several times a week at church and lodge suppers.

Ayres For Congress.
(Brookville American.)

It is rumored in political circles that Arthur B. Ayres, of Hancock county will be urged by his many friends over the district to make the race for congress when the proper time arrives. When asked about this Mr. Ayres was non-committal except to state that in no event would he consider making the race against his personal friend Judge Comstock, the present incumbent.

Mr. Ayres formerly lived at Rushville, but later located at Fortville, where he has made a wonderful success in business. He is a man of good foresight, good judgment and a typical representative of the district's best business men and a champion of the truest and best American citizenship. He has been active in politics for more than twenty years, most of the time as a member of the Republican State committee from the Sixth District. Mr. Ayres would, if he got into the race, put up a good militant fight judging by his past political service.

Instant Bunion Relief

Guaranteed — or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be—or how often or by whom treated and pronounced "incurable"—here at least is convincing proof that there is positive relief for you—right now—today.

"Bunion Comfort"

Is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunions. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort—don't cut holes in your shoes and use old fashioned cotton or felt pads, washers and steel contraptions. "Bunion Comfort" is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal size.

Get a Box of "Bunion Comfort" Today try two plasters free and if you do not declare this to be the most marvelous bunion remedy you've ever tried—return the other ten plasters and get your money back.

WHITMAN HANDED BOXING BIG BLOW

Game in New York is Tottering on Its Last Legs as Result of Ban on Darcy

ALLEGED DISCRIMINATION

Money Grabbers are Partly to Blame for Attitude Governor Took of Matter

New York, March 15.—Any idea any one might have had that boxing wasn't on its last legs and tottering unsteadily to its corner for the final round should be thoroughly dissipated by Gov. Whitman's action in New York when he refused to permit Les Darcy to appear in public bouts.

Whether it will seep into other states and knock the game clear out of the ring is something else and remains for time to tell.

Whitman was severely criticised in many quarters when he took his stand against Darcy, while in other spots he was highly commended. Critics declared he should not have shown discrimination against Darcy, pointing out that Freddie Welsh, Tom Cowler, Ted Lewis and others are allowed to box without interference. They are just as much at fault as is Darcy, for they are Englishmen, whereas Darcy is an Australian, and of Irish descent.

Whitman's action seems to have been taken because Darcy had neglected his duty to come to America and get some easy money. The spectacle of a foreigner coming here and separating New Yorkers from their cash because they were easy marks evidently didn't appeal to the governor. The other English boxers already were in this country when war was declared.

Darcy made a frightful mistake when he refused to talk business with Mike Gibbons and promoters from the Middle West. Then, when he listened to bad advice and separated himself from Tim O'Sullivan he made another bad step. Each of these actions caused adverse comment and the people began to kick.

Governor Whitman's attention

naturally was called to what was going on. He couldn't have helped seeing it if he read the newspapers. Darcy wasn't complimented by any means in the things said about him. If Governor Whitman got the wrong impression it's his own fault.

MISS IDA DIXON

Millinery and Hair Goods 108 W. Second

The dance to have been given at the Social Club on Friday evening has been postponed. It was to have been given by the ladies of the Club.

Typical of the social pleasure prevalent at the meetings of the Happy-Go-Lucky Club for the past twenty years, was the beautiful party given by the members of the club yesterday afternoon at the home of Mrs. John H. Frazee at 803 North Harrison street when the club members entertained 200 of their

friends in celebration of the twentieth anniversary of the club. Spring shades of pale lavender and light green were those evident in the baskets of flowers. Hyacinths and primroses filled the pretty baskets and on the dining table, an immense basket filled with pale lavender hyacinths was placed. Floating from its handle was a huge bow of maline of the predominate shades. Red roses adorned the parlor in which the hostesses received their guests.

In the receiving line were Mrs. Frazee, Miss Leonora Norris, Mrs. Bert Norris, Mrs. Austin Frazee, Mrs. C. A. Mauzy, Miss Emma Blackledge, Mrs. William Alexander, Mrs. L. M. Clark, Mrs. Albert Winship, Mrs. O. E. Humes, Mrs. O. J. Myers, Mrs. George Looney, Mrs. John D. Megee, Mrs. Fannie O. Smith and Mrs. J. M. Amos, the members of the club. Shortly after being seated in four of the spacious rooms of the home, the guests were entertained with a program given by Mrs. Owen Morrell, violinist; Charles McCarty, tenor; Mrs. Leiber, reader, and Mrs. Edenharder, accompanist, all of Indianapolis. Each of them was a finished artist in their own line. Mr. McCarty, by his marvelously musical voice, showed unusual sympathy in the clear sweet tones and great volume. His selections were all favorites, singing among them, "Macushla," "The Amethyst" from the "Jewel Cycle," "Because," "Mother O'Mine" and "Requiem." Mrs. Morrell, formerly Miss Marie Dawson, has always been a favorite here both because of her charm and her exceptional talent. Her violin solos were each artistic and displayed marked ability. Although each of her numbers was beautiful, several of the most popular ones were "Old Vienna Waltz," "Caprice Viennois," and numbers by Beethoven, Dvorak, and Kriesler. Mrs. Leiber's particular charm was in her pleasing, musical voice. Her numbers, all of which were very realistic in portraying Italian life by dialect, were very natural. The numbers were well chosen, several of her readings being "To Americana Mana," "April Winds," "The Baseball Game" and numerous others. Mrs. Edenharder's work as accompanist was particularly good also.

For the service of the refreshments, a group of pretty girls appeared with cute St. Patrick's caps of all shapes and small white aprons decorated in St. Patrick's emblems. In the delicious one course luncheon, St. Patrick's flags were perched in the ice and the mints were shamrock shapes. Those assisting in the service of the luncheon were Mrs. Helm Woodward of Cincinnati, Mrs. George Dehority of Elwood, Mrs. Reeves Woods of Arlington, Mrs. Ben Humes, Mrs. J. V. Young, Mrs. Charles Offutt, Miss Marie Clawson, Mrs. Edward Frazee, Miss Norma Smith and Mrs. Louis Mauzy.

Out-of-town guests at the affair

were Mrs. J. E. Fish of Indianapolis, Mrs. Chester Smith of Monmouth, Ill., Miss Della Vorhis of Lockland, Ohio, Mrs. H. E. Grishaw of Tip-ton, Miss Clara Haydon and Miss Bess Cleveland of Lexington, Ky., Mrs. N. G. Wills of Connersville and Mrs. Pink Davis of Columbus.

In the evening sixty guests were entertained at an elegant dinner. The guests included the members of the families of the Happy-Go-Lucky club, their children and families. An informal program was given by the group of artists in the evening. Mrs. Morrell among her numbers played "Moment Musical"; Mr. McCarty sang "The Lullaby" by Joslin and one of the numbers which was most popular of the afternoon was repeated by request. In it, "Till Death," Mr. McCarty was accompanied by a violin obligato by Mrs. Morrell. Following their program, Mrs. Woodward of Cincinnati sang a beautiful solo, "Spirit Flower," accompanying herself. Hale Pearson also sang a beautiful tenor solo, "Who Knows."

It was particularly appropriate to have the affair yesterday at the home of Mrs. Frazee, inasmuch as twenty years ago in the same house, the club was organized. The name which was given the club at that time, "Happy-Go-Lucky," has proven to be an ideal one for the club. The purpose of the organization was to join in a social way a group of ladies living in the country with about as many living in the city. The charter members of the club which were among the hostesses yesterday were Mrs. Bert Norris, Mrs. J. H. Frazee, Miss Blackledge, Mrs. Alexander, Mrs. Clark, Mrs. Humes, Mrs. Myers, Mrs. Looney, Miss Smith, Mrs. Austin Frazee, Mrs. Grace Spivey, who has recently moved to New Mexico, was also a charter member of the club. A lovely bouquet of red roses were sent to the hostesses yesterday by Mrs. Yakée of Newcastle, a charter member of the club.

The Gossard and Kabo Schools

What These Diplomas Mean to the Women of Rush County

First They mean that the women of Rush County may receive, free of charge, authoritative advice from our graduate corsetiere.

Second Our corsetiere is not only specially trained in all branches of corset fitting, but is able to give authentic style information regarding all branches of women's apparel.

Third Being expertly trained our corsetiere is able to discuss with the women of Rush County the new Spring fashions and the vital relation of the new Gossard and Kabo models bear to the successful attainment of the new silhouette.

Fourth She will serve you in the corset department; is competent to make medical fittings and will give most careful attention to any special needs which a physician might prescribe.

Fifth These diplomas mean that the women of Rush County may be assured they can get the correct corsets for their individual type from the standpoint of style, comfort and wearing service.

Let a Graduate Corsetiere Serve You. You Will Notice the Difference at Once

The Mauzy Co.

The guests of Mrs. Ben Humes at her country home south of the city this afternoon were the members of a Bridge Club, who were invited in to honor the house guests of the hostess, Miss Bess Cleveland and Miss Clara Haydon, the attractive southern visitors from Lexington, Ky., who have been honored with a number of pretty affairs during their stay here. All of the appointments of the informal little affair this afternoon were suggestive of St. Patrick's Day. Three tables were in play and the conclusion of the games was marked by the service of an elegant luncheon.

Miss Marian Wilson, formerly of this city, but now teaching in one department of Hamilton college at Lexington, Ky., was awarded first prize as being the best skater at the Flower Carnival given in the skating rink at Lexington for the benefit of the Red Cross fund. The Lexington Herald of March 11, says of the Carnival:

"It was a brilliant and fashionable assemblage that gathered at the Skating Rink for the Flower Carnival given to raise funds for the Red Cross Society. All who are so much interested in the noble cause proved on this occasion their willingness to aid and the promoters and committee of ladies in charge were much pleased over their success both financially and socially. The rink was elaborately decorated with red and white and blue bunting which entwined the posts, rails and hung from the beams in the ceiling, completing a beautiful and patriotic scene. About the walls hung the red cross and great banners and flags were used everywhere. The Liberty bell, a huge design with the clapper a large electric bulb swinging in the center of the rink and at one end of the rink and on one side were the boxes all beautifully decorated in red, white and blue, flags and bright lights.

Those who took part in the carnival were on skates. Long before 8 o'clock the rink was crowded, even standing room being refused as the guests were packed to the doors.

For the best skater, a book of tickets to the rink, was given to Miss Marian Wilson.

Although the first home-coming ever given by the Pythian Sisters of this city, the one yesterday in the K. of P. hall was a success from start to finish. The crowning feature of the day was the banquet last

To the Farmers!

Having tried the creamery business through the worst time of the year for lease, I have secured a written lease on the local creamery and am here to stay. I aim to make friends by dealing honestly with the public. That is the only policy that will win.

Do you think it justice to make one suffer for another person's failure? I have risked more this winter to try out the creamery, than any farmer will ever risk in selling his cream to me. Some have wondered that we have been able to stay during the winter on such a small amount of cream. "There is a reason." In the first place, I am the only stockholder in the Burchard Creamery Company and I am running it on one-third the expense it cost the stock holding company.

We have worked up a good sweet cream trade and receive a good price for our buttermilk. The men having stock in the old company gave all of their time to other business. They hired men who cared more for themselves than for the success of their employer and ran the

creamery to suit themselves. Their butter was of poor quality and had to be sold mostly to commission houses. That was a sure road to failure.

I have a good butter maker. Ask any storekeeper in Rushville about our butter. We sell it all to stores and restaurants at the top price. The grocery keeper wants us to stay, Don't you?

The history of nine out of ten stockholding creameries is failure; but who ever heard of a creamery run by an individual to fail? Home industries should be supported by home folks, so long as an honest policy governs it. I am getting cream 70 miles away, from my relatives and friends. If they who know me, can trust me, why can't you? Give us a trial and we will not disappoint you. With your cream we can succeed and you will not lose by giving us your support.

For my financial responsibility, I refer you to the Peoples National Bank, where I carry my account.

Yours for success,
Harry Burchard

FAMOUS BATTLE TO BE FOUGHT AGAIN

North and South Cadets to Stage
Engagement of Gettysburg Over
at Chicago.

IS NEW KIND OF A WAR GAME

(By United Press.)
Chicago, March 15.—The Battle
of Gettysburg soon will be fought
over again in all its intricate detail
here on Chicago soil.

Again in forced marches the invaders
will come from the southland
in the persons of a picked team of
the Washington, D. C., high school
cadets, to meet the Chicago cadets
in the new war game.

The battle will be fought on a
miniature battlefield, twenty feet
square. Red and blue pegs, the op-
posing armies, will sway back and
forth over the canvas until the United
States army officer judges
award the victory to one or the other
faction.

Captain E. Z. Steever, assigned by
the war department to organize the
high school boys of the middle west
into military units, has been here
several weeks preparing his team for
the contest. It will be the first in-
ter-city war game contest ever
played by the cadets.

ISLANDERS TO GET FIRST MAIL SERVICE

New York, March 15.—For the
first time since its colonization in
1789 by mutineers and Tahitian wo-
men, Pitcairn Island, that geographi-
cal period in the Pacific ocean be-
tween Panama and New Zealand,
where steamers stop sometimes as
often as once a year, will receive
mail service from the United States
via the steamship Australplaine, sail-
ing from this port today.

Probably the only person in the
United States to whom this news is
valuable is Miss Emily McCoy, who
left Pitcairn 15 years ago to come
to the United States to study nurs-
ing. There are about 150 inhabi-
tants on the island. Miss McCoy
says divorce and unequal suffrage
are unknown among the islanders.

Make Your Dollars Count

Come See the Chalmers

Chalmers 7-Passenger, \$1350

What is it that sets Chalmers cars apart from all others? Why is the Chalmers a better value than many other cars—some of much higher price?

Transmission and Axles

There is quality in the transmission. In the housing. In the gears. With Hyatt quiet bearings. Gears and shafts are made of nickel steel, case hardened. The transmission housing is cast from aluminum alloy.

The axles are amply strong to withstand all the stresses of hard service. The front axle is an I-beam drop forging of carbon steel. Spindles are extra large. With Timken roller bearings. A disc protector keeps out dust or grit.

Rear axle: light, strong, simple. The identical type used on some of the most costly American and European cars.

Frame and Body

An exceptional frame. Light and stiff. Sturdy and strong. Made of a pressed channel section. 5 inches deep. 2 1/2 inch flanges. 1/8 inch thickness. Braced by 3 cross members and reinforcing plates.

A sheet steel body. With frame of select ash. Genuine leather upholstery. Luxurious cushions. Soft and Deep. High seat backs. Wide seats. Four bow top. Covered with Pantasote. Curtains equipped with quick and easy fasteners.

Equipment

Equipment is costly and complete. Westinghouse electric starting and lighting. Willard 80 A. H. Battery. Stewart-Warner Speedometer and Vacuum feed fuel system. Gun metal finish instrument board. Nickerled foot rest. These features indicate the high quality of equipment used on the Chalmers cars.

Appearance

Body lines are distinctive. Unique. The radiator is high and narrow. The hood is straight with an unbroken sweep. The windshield is the popular slanted type. Molded oval fenders harmonize with the body.

Materials

The Chalmers, inch for inch, pound for pound, stands high above the other cars near it, in size or price.

Chalmers selects only the finest raw materials. For the frame—carbon steel. For the axle shafts and propeller shaft—chrome nickel. For the front axle—drop forged carbon steel. For the motor casting—close-grained gray iron. For the rear gears—nickel steel, heat treated to secure hardness and toughness. For the transmission housing—aluminum alloy.

So it goes throughout the car from end to end. Examine the Chalmers carefully. The deeper you go the deeper you are impressed with the quality of Chalmers materials.

Manufacture

Chalmers builds "from the ground up" in Chalmers own shops. Motors are Chalmers built, from rough castings to the final test. Built with skill, perfect facilities and untold care.

Motor

The motor is a light weight, high power six. Walls are tested for uniform thickness, to prevent the possibility of distortion and loss of compression.

A specially designed intake manifold improves carburetion. Handles fuel economically. Insures easy starting in cold weather.

The crankshaft is designed to transmit maximum power of the motor without distortion or vibration. A one-piece crankshaft of drop forged carbon steel, heat treated. Noted for sturdiness. Strength. Rigidity. Balanced while rotating at high speed on a special machine. The balancing weights are a unit with the shaft.

All of the above means Quality. The kind of quality you need in the car you buy, and the kind of quality you GET in the Chalmers

ARGUMENT ON DEMURRER
First Step Taken Against Establishing Leper Home.
(By United Press.)
Princeton, Ind., March 15.—Preliminary legal entanglements resulting from objections of farmers living near the Gibson county poor farm, against the establishment of a home for David Byers, leper, at the institution, were fought out in court before Judge Vandever today. The farmers filed a petition seeking an injunction to prevent the state board of health from establishing the home for Byers. A demurrer was filed by the health official contending that the acts of the state board of health could not be enjoined.

County News

Blue River.

Mr. and Mrs. Ralph Hester and Mr. and Mrs. Carey Phares motored to Newcastle Monday, upon receipt of the news of the tornado having stricken the place. Mrs. Hester has a sister, Mrs. Wilbur Postun, living there, of whose safety they were gravely concerned. They found her unharmed, however, and were greatly relieved.

A number of local people attended the funeral of Edward Spencer, held Saturday afternoon at the Christian church at Arlington.

Mr. and Mrs. J. M. Pitts, Mr. and Mrs. John Swain and Mr. and Mrs. Russell Pitts returned, Friday from St. Petersburg, Florida, where they spent the winter. Mr. and Mrs. Elmore Barnard who also were with them will not return for a few weeks yet.

Revival services are in progress at the Little Blue River Christian church.

George Woodroof will work for Jasper Hester during the summer.

Poston Bros. of Gwynneville have a large contract with Wendall Pitts in putting in a drainage system. Mr. Pitts purchased two car loads of tile to be used.

Mr. and Mrs. Lon Wilks, of Indianapolis, spent the week end with relatives of this vicinity.

Miss Lois Pitts, who is attending the Union Bible Seminary, of Westfield, Ind., this winter, will return the last of next week, that being the close of the term.

Allen Macy is moving to the farm purchased by him some time ago, known as the David Macy farm.

Clifford Hehl, formerly of Manila, but now a resident of New Albany, will work for Carroll Pitts, this season. He will begin about April 1.

Glenwood.

Mrs. Caroline Redman, wife of James Redman, formerly a resident of this vicinity, was buried at the Fairview cemetery Monday at 2:30 o'clock. She was a sister of Oliver Cameron, who died several years ago. The husband, four daughters and two sons survive.

The Rev. Daniel Ryan preached a very practical sermon at the M. E. church Sunday morning. There was not a very large crowd on account of the bad weather.

A heavy rain fell here Sunday evening.

Mr. and Mrs. Ralph Peek spent the week end at the home of Mr. and Mrs. Jones near Sexton.

A son was born to the wife of Dennis Pettis on February 20.

Mrs. Harwell and Miss Marie Nichols visited the former's daughter, Mrs. Fred Hackman, who lives in Western Avenue in Connersville, Saturday afternoon and evening.

A medicine show here all last week attracted large crowds.

Mr. and Mrs. H. W. Ludlow are in very poor health.

Avery Putman of Indianapolis and Mrs. Atha Dillings of Farmland are assisting Mrs. Lola Runyon in caring for their mother, Mrs. Henry Putman. She is improving very slowly.

Mr. and Mrs. Charles Sehlegel and family were guests of Mr. and Mrs. Fred Bunzendahl Sunday.

The Rev. Daniel Ryan attended the revival services at Connersville a few nights last week.

The town trustees met as usual last week but left the meeting open so that they could transact other business later.

Mrs. Erskine Dailey has recovered from a recent illness. She expects to have her tonsils removed in the near future.

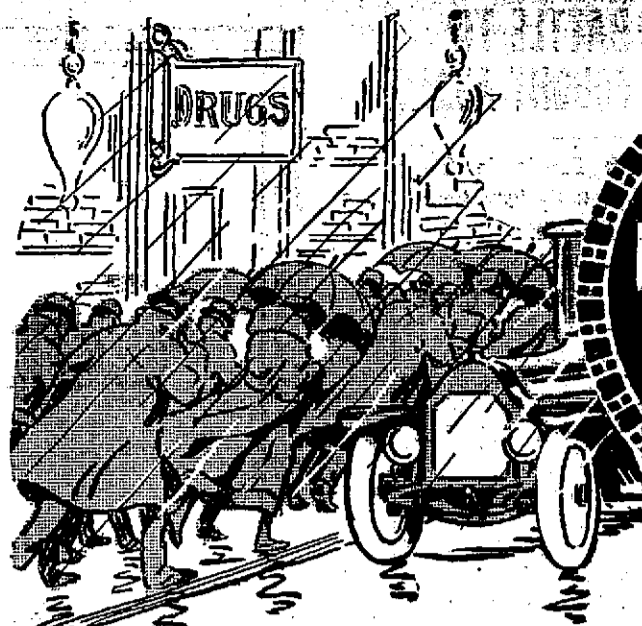

The members of Chester Beaver's family are recovering from the measles.

Orville Martin is recovering from a severe attack of pneumonia.

The usual services were held in the United Presbyterian church Sabbath afternoon.

About forty friends of Dr. Clark met at the home Mrs. Maggie Dudgeon Saturday night and surprised Dr. and Mrs. Clark, who were recently married. They received many valuable presents.

The Misses Lois Simpson and Louise Murphy maintain Glenwood's reputation for excellent grades in

When they get you, it's snuffle, sneeze, sore, raw throat, tight chest and you feel all stuffed up—you know. Get busy! Don't wait till you get flat on your back and lose several days from your work, it's expensive and dangerous.

Go right into the first drug store you come across and ask the man behind the counter for a bottle of Dr. King's New Discovery for coughs and colds. He'll know; chances are he has sold it ever since the day he opened up.

Dr. King's New Discovery has been recommended and sold by druggists for nearly half a century—that's some record!

But the satisfaction it gives is what makes it so popular and you'll like it, too. Dr. King's New Discovery eases your cough, soothes your tired throat and bronchial tubes, checks the cold and makes you feel like yourself again. Try it to-day.

the Rushville high school. They received three A's and two B's each.

Mr. McEntee will be section foreman on the I. & C. at this place. The men will have a motor car to take them east as far as Connersville and west as far as Helm's stop. William Baker is still employed with the section men on the I. & C.

William Cameron did not have any school Monday on account of the funeral of his aunt, Mrs. James Redman.

Mr. and Mrs. Clarence Carr and Ray Carpenter visited in Newcastle Monday afternoon and saw the effects of the tornado there Sunday.

The Anker-Holth Cream Separator

Is the only Separator on the market that has a SELF-BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Self-draining which makes it non-freezing in cold weather. It is easy to turn and easy to clean; and can be washed in one-half the time you can wash any other Separator. It has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

Do not be deceived by false statements by people who claim that the cream and milk will remix. I am not hunting for tests, but I am willing to test with any other Separator made in the world today, and let the Babcock tester be the Judge.

The ANKER HOLTH is a high-grade Separator at a Medium Price.

BREWERS PERFECT NEW DRY BEVERAGE

If Successful it Will Solve Problem
For Men Who Depend on
Breweries For Living.

HAS EVERYTHING BUT "KICK"

(By United Press.)
Evansville, Ind., March 15.—
Brewers of this city have perfected
a beverage with the flavor, color and
foam of beer but contains no alcohol
which will be made after April 2,
1918, when the prohibition law goes
into effect. It will be put up in
brown bottles, the same as beer.

The new beverage, if successful,
will solve the problem of work for
men who now depend on the brewer-
ies directly. The cost of making the
near-beer, is about twice as much
as regular beer.

Indianapolis, Ind., March 15.—
Business men of Indiana gathered
here today for a meeting at which
plans will be made to extend the
work and activities of the state
chamber of commerce. The meet-
ing will open tonight with a banquet
at the Claypool hotel. Prominent
men of the state, including Gov.
James P. Goodrich, Oscar C. Smith,
Kokomo will speak. Two hundred
and fifty business men of the state
have been invited to attend the gath-
ering. Arrangements to be made
tonight will include provision for the
establishment of headquarters in

HIGH COST HITS PRISONERS

Sing Sing Inmates Feel Effect in
Daily Menu.

Ossining, N. Y., March 15.—Sing
prisoners to-day are feeling the
effects of the high cost of living. In
the past, potatoes and onions were
a regular part of the daily menu.
Now however, the chef is feeding the
inmates rice and macaroni in place
of these high priced foods, in order
to reduce the cost of feeding the
1500 prisoners. Instructions have
also been issued forbidding the men
receiving bread at any time of the
day outside of the specified meal
hours.

WHAT-YOU-MAY COLUMN

BY "GM."

Spring.
Spring is Nature's apology for
Summer and Winter.

Everyone, including the man who
froze his face last January and the
man who suffered a heat prostration
last August, is supposed to be happy
in Spring.

Spring is the time of year when
radiators, tea kettles and prima
donnas quit singing and the birds
begin.

Spring is everywhere, in Spring.
In the step, the eye, the atmosphere,
everywhere. There's only one place
where Spring isn't. That's in a \$1
a day hotel bed.

The only unpleasant thing about
Spring is poets.

It Works! Try It

Tells how to loosen a sore,
tender corn so it lifts
out without pain.

Good news spreads rapidly and drug-
gists here are kept busy dispensing
frozene, the ether discovery of a Cin-
cinnati man, which is said to loosen
any corn so it lifts out with the fingers.
Ask at any pharmacy for a quarter
ounce of freeze, which will cost very
little, but is said to be sufficient to rid
one's feet of every hard or soft corn or
callus.

You apply just a few drops on the
tender, aching corn and instantly the
soreness is relieved, and soon the corn
is so softened that it lifts out with-
out pain. It is a sticky substance
which dries when applied and never
inflammes or even irritates the adjoin-
ing tissue.

This discovery will prevent thou-
sands of deaths annually from lockjaw
and infection heretofore resulting from
the removal of cutting corns.

Again for \$1—While They Last This Aluminum Cooker

The cost of Aluminum has doubled since we ordered these lifetime
Cookers. At present prices, this offer would be impossible. So, in all
probability, after our supply is exhausted, it cannot be made again.

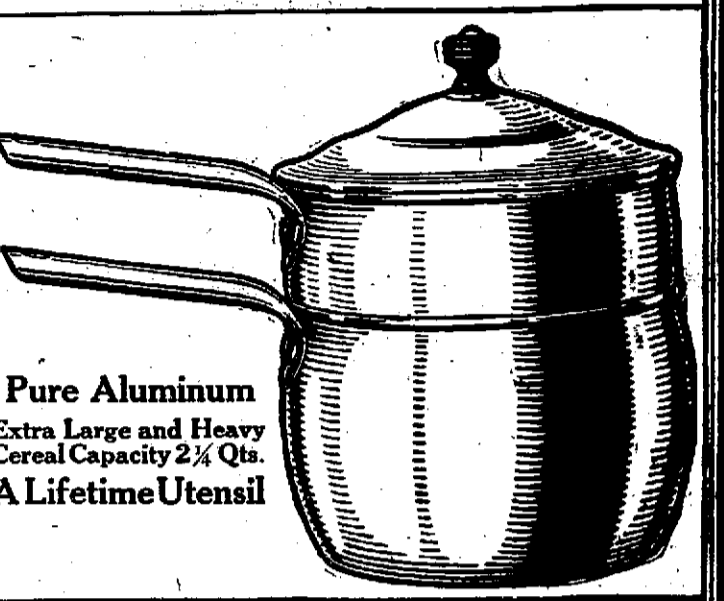

Next week the grocers of this city will once more feature this
Quaker Cooker offer. And for the last time, we believe.

We have supplied Cookers now to over 1,000,000 homes. We have
supplied these guaranteed Aluminum Cookers for \$1 to Quaker Oats
users. But this offer ends with our present supply, and probably
forever. Unless Aluminum drops 50 per cent, we cannot again offer
a Cooker like this for \$1.

But next week only we make the offer below. You can get this Cooker
for \$1, by buying two of our cereals which should be cooked in it.

This offer is made to induce better cooking. To bring you Quaker
Oats and Pettijohn's cooked in perfect form, with the flavor kept in-
tact. Our reward will come in your doubled delight in these foods.
But we supply only one to each family.

Unless you have the right flakes, right cooking does not help much.
But, if you use Quaker Oats and Pettijohn's, this cooker is yours for \$1. This
is for one week only. Get the packages from any grocer named below.

A Lifetime Utensil

One Week Only—Your Last Chance

Our Offer Is This: Purchase two packages of Quaker Oats and one package of Pettijohn's or three pack-
ages of either. Get a Sales Slip from your grocer showing the purchase. Send us check
or money order for \$1 with the Sales Slip and we will mail the cooker by parcel post. We ask the Sales Slip just to show
that you use our cereals. Sales Slips must be mailed next week. This offer applies in this vicinity only. Address

Quaker Oats

The Extra-Delicious Vim-Food
Flaked from Queen Oats Only

All the world over, Quaker Oats holds first place among oat foods. Oat
lovers of a hundred nations send to us to get it. A billion dishes are con-
sumed each year. Nowhere in the world do connoisseurs find any oat food
to compare with it.

The reason is this: Quaker Oats is made from queen grains only—just
the big, plump, luscious oats. No puny, starved grains are included. A
bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is match-
less. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We
want you to know this fascinating vim-food, made as we make it and
cooked in our way.

Pettijohn's

Rolled Wheat with 25% Bran Flakes
A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's
laxative. Everybody every day should eat it. It means better health, better
spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden
in savory flakes of wheat. The food is a morning dainty which everybody
likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran
will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will
you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with
25 per cent bran flakes. Use it like Graham flour in any recipe.

These are authentic quota-
tions from the pamphlet on ba-
bies by Dr. L. Emmett Holt of
Columbia University and Dr.
Henry L. K. Shaw of Union
University.

Bottle fed babies are much
more liable to get diarrhea and
to have it more severely than
breast fed babies. Keep their
milk clean and cold, also boil-
ed and pulverized. Bottles and
nipples should be boiled daily
and kept very clean. In very
hot weather the baby needs
less food and more drink. Di-
lute his milk with cooled boiled
water and give him cooled
boiled water freely between
feedings.

RECEIVE SHIPMENTS SUBJECT TO DELAY

Two Railroads Here Get Orders Due to Threatened Strike Which are Practically Embargo

SHIPPER TAKES THE RISK

Two railroads entering Rushville have received orders to accept freight shipments only subject to delay. All bills of lading are to be so marked and this order applies to all classes of freight. The order comes as a result of the threatened strike, which is promised for Saturday.

The two railroads receiving the order are the Big Four and the Pennsylvania. The C. I. & W. had not received the order this morning and neither had the L. E. & W. The Lake Erie has been without wire service for three days due to the sleet storm, but both roads expect an order of this kind.

Most eastern railroads have had an embargo in force for the past month, making shipments of any distance east of this city difficult. The present order will curtail shipments even greater than this embargo as the sender of freight does so at his own risk. The order in a manner is nothing less than an embargo.

GOOD BUYING Is the Only Effective Weapon

against high prices and the Spring of 1917 is the time to use this weapon to your advantage. Everything you have to buy is away above normal price and only by shrewd buying can you overcome this condition.

I have bought buggies on which I could make a nice profit by re-selling them at present wholesale prices, but they will be sold to the buggy users of this locality at a price based on the market they were bought on, which means a saving of at least \$10.00 to \$15.00 on each job.

OUR OPENING on MARCH 16th and 17th will convince you of these facts, if you will favor me with enough of your time to look at my line of Vehicles.

I want your vehicle business and if the best of standard makes of vehicles at prices that mean \$10.00 to \$15.00 saved will get it, I am sure going to get it. Every buggy guaranteed—they have to be right—I am not satisfied unless my customers are. Every customer must be a friend and a booster for my buggies. Some dealers say I cannot live and sell buggies at my prices. (I will let you know when to send flowers.) In the meantime save yourself some money by buying your buggies of a man who thinks just as much of making friends as he does of making sales. My motto is: "WHEN YOU MAKE A SALE, MAKE A FRIEND TO BOOST YOUR BUSINESS"

TRAGEDY BEFALLS
WILL HECK'S FAMILY

Wife and Step-Son, Ray Heifner,
Die About Time Tornado Strikes
Newcastle—Wife Prostrated

THEY FORMERLY LIVED HERE

A tragedy befell the family of
Will Heck of Newcastle, formerly of
this county, at just the time the
cyclone struck Newcastle. Although
they were not injured in the storm,
Mrs. Heck and her son passed away
and relatives who were in the Heck
home did not know Newcastle had
been devastated by a tornado until
they were told that a house three
doors away had been blown down.

Ray Heifner, age twenty-two
years, who was born three miles
from here, died Saturday night of
tuberculosis. His mother, Mrs. Heck,
was prostrated the Thursday pre-
vious from caring for him and was
in a dying condition when the tor-
nado hit. She died Sunday night.

A double funeral was held yester-
day. Mrs. Heck and son were well
known in this county. Mr. Heck
was born near Bentonville and was
known in the northern part of the
county.

E. I. Lewis, Staff Correspondent of
Indianapolis News, Comments
on R. E. Mansfield's Talk

AT CONNERSVILLE BANQUET

E. I. Lewis, staff correspondent
of the Indianapolis News, in an ar-
ticle in last night's News on the
Connerville Commercial club ban-
quet, says of Robert E. Mansfield's
toast that nineteen years in the
consular service produced a finished
after-dinner speaker. He writes
as follows:

Robert E. Mansfield, now of Rush-
ville, who exhibited himself as an
exception to the otherwise profound
observation that in the United States
consular service "few die and none
resign," was with the Governor as a
headliner on the bill and he show-
ed that the long service of nineteen
years in the consular service had
produced a most entertaining and
finished speaker. He touched on
many observations of his service in
various countries and brought out
the fact that while he deplored war,
yet it was not without its benefits.

"There is nothing," he said, "that
cures national ills and develops or
rekindles the fire of patriotism as
war does."

Against Harry Sweet

Mrs. Mattie M. Sweet has filed suit
against Harry Sweet for support
and asking the court to appoint a re-
ceiver to take charge of Sweet's per-

threshing outfits. Mrs. Sweet al-
leges that he spends his money for
whiskey and refuses to support
her and their children. Mrs. Sweet
claims that the property is encum-
bered and is in danger of becoming
more so unless a receiver takes
charge. It is claimed he owns prop-
erty worth \$3,500. Mrs. Sweet
asks the sum of \$10 a week for
support money. Chauncey Duncan
represents the plaintiff.

Faculty Will Play Varsity

Teachers of the High School Will
Play the Basketball Team at
Gymnasium Tonight

J. H. SCHOLL TO BE AT CENTER

Marlatt and Wylie Will Play For-
wards and Stewart and Cul-
lipher at Guards

(Katherine Todd.)
A very entertaining diversion is
promised the local fans who are
present at the high school gymna-
sium this evening, when the faculty
will meet the varsity basketball
team.

The teachers have been putting
in a week of strenuous practice and
intend to put up a good fight. Most
of the pedagogues who have been
selected to represent the faculty
have declared their intentions of
making their wills and disposing of
their worldly affairs before going on
the floor. The majority of them
seems to be resigned to their ob-
vious fate but others are more op-
timistic and expect to escape with
minor injuries.

Mr. Scholl has been chosen to
play the position of center with Mr.
Masters as substitute in case of un-
foreseen complications. The "glit-
tering-flattering forwards," as Mr.
Masters described them, are Mr.
Marlatt and Mr. Wylie, while the
lengthy guards are Mr. Stewart and
Mr. Cullipher. Mr. Parke has been
reserved as a substitute.

The faculty team has so far
shown that they are quite game and
do not intend to be quitters. In fact
they expect to mete out to their op-
ponents value received in the way of
punishment. The students have ex-
pressed the desire to settle old
scores with their teachers at this
game and have resolved to make the
faculty take their medicine. The re-
sult promises to be interesting to all
persons interested in either basket-
ball or prize-fighting.

Explains Use and Theories

Renel Bennett Talks to Senior High
School Tuesday Morning in
The Assembly Room.

SHOWS WIRELESS MACHINE

By Means of it he Demonstrates
Many Theories he Discussed
—is Operator Himself.

A diversion in the way of opening
exercises was offered the members
of the senior high school on Tues-
day morning when Renel Bennett
talked in the assembly room on
"Wireless Telegraphy, its Theory
and its Uses."

Renel is a freshman in the local
high school and is especially qual-
ified to discuss this topic, since he is
himself a wireless operator and a
member of the Radio League of
America, a government organization
for the protection of amateur tele-
graphers.

The speaker discussed first of all
the conducting medium through
which wireless messages are trans-
mitted. He asserted that the at-
mosphere is full of a weightless sub-
stance called ether through which
the electrical waves generated by the
transmitter are carried to the re-
ceiver and communicated through the
coherer. The regulation of the
length of these waves makes possi-
ble the infinite variations of the
telegraphers code and constitutes,
as he affirmed, the chief problem of
the wireless mechanism.

After this explanation, he enu-
merated the most important uses of
wireless telegraphy among which
were the regulation of time, the dis-
tribution of weather statistics, and
the communication of dispatches in
time of war. He also quoted data to
show the number and efficiency of
the amateur wireless operators in
America.

Renel had on display Jesse Poe's
wireless machine and with the as-
sistance of Weldon Kennedy, also a
student in the local high school,
demonstrated a number of the theo-
ries which he had explained.

The Far Mangled Banner

(Apologies to Francis Scott Key)
O, say can you see, by the torches
red light,
What so proudly we haild by the
are lights bright gleaming—
Whose "Women's Votes" sign, done
in plain black and white,
In the suffrage parade was so gal-
lantly streaming!
And the torches' red glare, the
"hoorays" in the air,
Gave proof to the town that the
"skirts" were right there!
O, say will the Suffrage Banner soon
wave
O'er the land of the free, and the
home of the brave.
On that square dimly seen thru the
mists of the night,
Where the suffragette guard near
the White House reposes,
What is that which the breeze, to the
President's sight
As it fitfully blows, now conceals,
now discloses?
From the morning's first ray thru
the wearisome day,

To the coming of night, it has kept
him at bay.
'Tis the Suffragette Banner, O, soon
shall it wave,
O'er the land of the free and the
home of the brave.
O thus be it e'er when the women
shall stand,
Twist justice and right and mis-
representation.
Blest with victory and peace, may
the suffragette band
Hold office and vote with great
joy and elation!
For conquer we must, when our
cause it is just,
And this be our motto, "The ballot
or 'bust'!"
And the Suffragette Banner—oh
long may it wave,
Insure women's rights and the
male sex enslave.

HAS PERCENTAGE OF .800

Review of Season Reveals That
Quintet Won Twenty Out of
Twenty-Five Games

(Norman Reed.)
Despite the fact that it was de-
cisively defeated in last week's sec-
tional tourney at Richmond, the
Rushville high school basketball
team has made a commendable re-
cord for the current season.

Having won twenty out of
twenty-five games it holds a per-
centage of .800, a mark unequalled
by any local aggregation within the
memory of the present high school
generation.

The showing of the team appears
even more remarkable when one re-
flects that it has played the most
difficult schedule ever attempted by
a local quintet, as is readily seen
in the following summary of the
season:

Richmond Item Elects Him For
Place at Guard on the All-
Tourney Quintet.

In the opening game of the sixth
district tournament held at Rich-
mond last Friday and Saturday,
Rushville was defeated by Richmond
by a score of 50 to 20. For the
first five minutes the teams seemed
evenly matched but Richmond there-
after took a lead and gradually dis-
tanced the local quintet.

The Richmond players were in the
best of form and displayed a brand
of basketball that would have made
them contenders in most any high
school tournament. Consequently
they easily "walked away" from the
locals who for some undiscovered
reason did not exhibit the "pep" and
spirit shown in former games.

Although Rushville was decisively
defeated by the sectional champions
they claim to be the next best team
in the district because of the fact
that they scored more points against
them than any other team that met
Richmond in the tournament.

Oakley, a Rushville guard, was
placed on the all-district team, se-
lected by the Item; a Richmond
newspaper. At the close of the
tourney the referees picked an all-
star team on which Martin, the
lengthy captain of the local aggre-
gation, was awarded the center po-
sition. These selections speak well
for the Rushville team.

RUSHVILLE, 23; FRANKLIN, 19.

Rushville won the final game of
her schedule on the evening of Fri-
day, March 2, when she defeated the
Franklin five in the local gymnasium
by a count of 23 to 19. The game
was not as good as the score would
indicate. The locals were not play-
ing up to their standard and this
combined with hard luck on hitting
baskets almost proved the visitors
downfall. The Franklin aggregation
showed marked improvement since
their defeat by Rushville earlier in
the season and made the play close
throughout the game. Their guard-
ing was unusually good and this is
largely responsible for the small
score registered by Rushville.

Girls Given A Surprise

Those Who Played Basketball This
Season Enjoy Pitch-in Supper
at Gymnasium

ARRANGED BY MISS BALDWIN

Following Several Games of Basket-
ball Excellent Menu is Spread
on Improvised Table

(Dorothy Easley.)

The girls who have played basket-
ball this season were pleasantly en-
tertained Thursday, March 1, with
a pitch-in supper held in the gym-
nasium of the Graham Annex. Af-
ter a series of basketball games
played from seven o'clock to eight-
thirty, the girls sat down to the de-
licious repast, which had been spread
upon an improvised table made from
the benches of the bleachers. An
excellent menu combined with de-
corations of sweet peas and greenery
made the supper a truly delightful
affair. The function was conceived
and managed by Miss Nelle Baldwin,
the director of girls' athletics in the
local high school, and marked the
end of this activity for the present
school year.

REED ELECTED CAPTAIN.

In the last meeting of the basket-
ball squad for the 1916-1917 sea-
son, held at Richmond on last Fri-
day, Norman Reed was unanim-
ously elected captain of next year's
team. For the past two years Reed
has played a steady game at guard
and is well qualified for the position
to which he has been chosen. His
knowledge of the game and his ex-
perience should aid him much in
leading the winning team, which will
undoubtedly represent Rushville
next year.

Mr. Wiley: (Reminiscing in Chem-
istry class): "In my younger days I
enlisted in a regiment to fight for my
country. Just before a memorable
battle the commander said: 'Boys,
you must strike for home and coun-
try.' The other boys struck for
their country but I struck for home."

Spring--It's Here

Gentle Lady.

Think of me when you are happy;
Keep for me one little spot;
In the garden of your heart, dear,
Plant a sweet forget-me-not.

—Everett Oakley.

Love.

There is a little word which takes
little space in the dictionary but a
large place in life. It requires only
four letters to spell it but it fre-
quently takes a hundred letters to
tell it and fifteen pages for each
letter. Consequently with the war-
time prices on paper love has be-
come expensive.

There are persons who think that
love is only pastime and others who
feel it an omnipresent force deter-
mining the success or failure of
their future. To the latter class be-
long spring poets, school-teachers,
basket-ball players, and Republican
employees.

Then there are folks who say
there is no love. They have never
attended a dance at Glenwood or
spent an evening at the "Princess."
If they had they would understand
that love is everywhere: sometimes
"above boards," as on the dancing
floor; but more frequently "screen-
ed" as in the "movies."

Love is like motor-cars—variable
in action. Some lovers start without
difficulty and are speeding into mat-
rimony before they know the road to
take or the town they'll reach; when
they get there. These "speedings"
usually choke on the hills and occa-
sionally run out of "gas" before
they reach the home stretch. Again

Shows Wide Scope of Art

Miss Bonnie Snow Explains How it
Has Been Applied in Practical
Way to Life.

LECTURES AT ASSEMBLY

Demonstrates Possibilities in Artis-
tic Dress, House-Furnishing
And Advertising.

In a lecture illustrated with an
interesting collection of artistic
bric-a-brac, Miss Bonnie Snow of
Richmond, Indiana, explained her
conception of "Practical Estheti-
cism" to the audience of students,
teachers, and art-lovers, gathered
in the high school assembly room
on the evening of Wednesday, March
7. Miss Snow's magnetic personality,
combined with an unusual knowledge
and appreciation of art, made the
affair an outstanding feature of the
present school year.

The speaker explained that in re-
cent years art had been applied to
life in a practical way which had
made it not only more extensive in
scope but also more democratic in
spirit. She showed how the most
commonplace objects of every day
life, such as olive bottles, paste-
board boxes, and china bowls might
be made objects of extreme beauty
through the agency of the most ele-
mentary processes of painting. She
also demonstrated the possibilities
in artistic dressing, house-furnish-
ing, and advertising in such a way
as to convince the audience that
commercial art had ceased to be a
dream and had become a reality ca-
pable of unlimited application.

In the course of her remarks Miss
Snow heartily commended Miss
Henrietta Coleman for her work in
the art department of the Rushville
schools. She reported that she had
seen sufficient examples of the draw-
ings made in the upper grades here
to convince her that Miss Coleman
had caught the new spirit and was
doing everything in her power to
make the course practical as well
as esthetic.

..Views and Interviews..

Preparedness.

(PAUL NEWHOUSE.)

For the past four years Rushville
High School has been represented in
all her field meets by a very poor
track team. The situation in which
she finds herself begins to look
alarming. The teams for the last
two years have been composed of
from two to five men. These repre-
sentatives cannot do the work of
ten or twelve and as a result Rush-
ville takes last place in every field
meet in which she participates.

There is surely some reason for
her failure in this branch of athlet-
ics. We believe that the students do
not show the proper spirit toward
the track team and do nothing to
aid to encourage its success. Just
because it has never before loomed
up as a contender for first place is
no sign that it never will. If the
students would make up their minds
to support and make it a success
the rest would be easily done.

It is now time for us to make our
resolutions and to act them as well.
We should unite, not to knock, but
to boost, for a victory next May. Let
us show Coach Masters and the few
who are out for track that we are
with them and wish them success.

(Harold Wolcott.)

"Will I? Well I guess, yes!" I

She.

There is a girl who sits by me—
She's just across the aisle—
And every time I looked at her
She's smile and smile and smile.
How smiles do nerve us!

So I made bold to say to her:
"Do you not love me dear?"
She answered: "Nothing" stirrin'
kid."

I felt a little queer.
It made me nervous.

Now every time I look at her
She'll frown and frown and frown.
I turn bright red and feel quite
blue—
O Gee, I'm upside down.
Ye gods, preserve us!
—Paul Spivey.

Mr. Marlatt: (In Senior English):
"What was there about Byron's face
that made him so handsome?"

Mac Gray: (Sentimentally):
"Well, his lips struck me most forc-
ibly."

Mr. Marlatt: (Knowingly):
"Naughty, naughty! Mustn't."
